The Citizens of Nueces County, Texas
The Honorable Council of District Judges
The Honorable Council of County Court-at-Law Judges
Honorable Nueces County Judge and County Commissioners

Ladies and Gentlemen:

As adopted by the Commissioners Court on September 13, 2017, the Nucces County budget for 2017/2018 fiscal year is herein submitted. Under the leadership of County Judge Loyd Neal and county commissioners Mike Pusley, Joe Gonzalez, John Marez and Brent Chesney, the commissioners court is continuing the plan created nine years ago to make county government: (1) more transparent; (2) have attainable and realistic budgets to enhance accountability; (3) recognize employee service and dedication by funding the continuance pay policy for the tenth year in a row, and (4) make county government more efficient and effective by establishing procedures that are in compliance with statutory requirements and utilizing technology to maximize performance.

Significant items included in this budget are:

- The commissioners court adopted a tax rate of .307991 per \$100 value. The separate components are: general fund operating .259816, road fund operating .003899 and debt service .044276.
- Property values increased as compared to the previous year, relieving concerns that the local real estate market was mirroring many parts of the country. Excluding property values that are subject to a tax ceiling (such as for taxpayers 65 years old and older) and using the "lower" valuations for property under protest, the total net taxable value (NTV) is \$26.70 billion. Last year the NTV was \$25.70 billion. The gain in value of \$1.00 billion was approximately 3.89%.
- In preparing this budget, the external issues affecting the budget were identified. Some of these issues were: countering cuts in state and federal funding, funding pay increases for law enforcement according to the collective bargaining agreement, funding continuance pay increases toseveral employees, and trying to maintain the fund balance at 25% of the sum of General Fund revenues and transfers in. The decisions made to achieve these objectives were:
 - 1. Provides salary increases for employees including a salary increase for law enforcement personnel under the Nueces County Sheriff's Officers Association Collective Bargaining Agreement. There is also a continuance pay increase for approximately 160 employees. Continuance pay is a 2.5% pay increase every 3 years of service.
 - 2. Maintains total non-salary expenditures for all operating funds at or near the same level as the current year.
 - 3. Provides some limited new program funding.
 - 4. Does not provide additional funding for programs that lost all or a portion of state or federal funding.

As you can see in the two tables below, the County has budgeted an increase to both revenues and appropriations for the 2017-2018 fiscal year, due to the changes discussed on the previous page.

Acknowledgments

This budget adopted by the Nueces County Commissioners Court establishes the legal spending limits for 2017-2018 fiscal year. Good management practices contributed toward the two credit rating agencies deciding to reaffirm the county's "double A" ratings (AA+ and Aa2). As Standard & Poor's stated, "[Our] stable outlook also reflects our expectation that county officials will maintain reserve levels at a strong level." Faced with improving economic conditions the commissioners court with Samuel L. Neal, Jr., as the county judge was able to find the way to adopt a budget with a small decrease in the tax rate, no lay off of employees, and maintain total expenditure funding levels to keep county services at historical levels. On August 25th 2017 a category 4 hurricane Harvey made landfall hitting Port Aransas a city in Nueces County. Hurricane Harvey had winds in excess of 130 mph and caused significate damage to Port Aransas that will take may years to rebuild.

My thanks goes to Judge Neal and the county commissioners, Mr. Steve Waterman, Director of Commissioners Court Administration, the county auditor staff and all other county officials for a job well done. And lastly, for their leadership, guidance and support from the Honorable State District Judges, I am most thankful.

Respectfully submitted, NUECES COUNTY AUDITOR

County of Nueces

Mission & Vision Statement

Mission

The mission of Nueces County is to deliver services including justice, public safety, infrastructure, parks and recreation, social services, and public health as mandated by the State of Texas and to execute other priorities as determined by the Commissioners Court.

Vision

Nueces County carries out our mission by delivering timely, high quality state mandated services in the most cost effective and innovative manner possible. We strive for excellence from our employees and outstanding value for our citizens. We encourage citizen involvement and will maintain the family oriented quality of life we enjoy while preserving our rich heritage.

By maintaining low taxes and a strong tax base, Nueces County is committed to high quality growth to attract successful businesses that provide excellent career opportunities for our citizens.

Nueces County strives for financial stability, transparency, efficiency and effectiveness. We initiate discretionary projects after determining their value to our citizens.

Goals

The County's Strategic Plan outlines goals to be accomplished by the County through its various Departments. Some of the specific goals have been met, but since all are long term, many are still in the future. The County's departments are working on a continuing basis to accomplish these goals. Specific programs in the 2017-2018 Budget address the goals as set out below.

KEY ISSUE: ECONOMIC GROWTH

<u>GOAL 1</u>: Promote a favorable environment for attracting new businesses to the area while supporting continued retention and expansion of existing businesses.

Objectives

- 1. Make access to County documents user friendly by providing on-line access to Court records, Tax records, financial records, Commissioners Court Agendas and Minutes, and e-filing of Court Cases.
- 2. Work closely with the Corpus Christi Regional Development Corporation and the Robstown Area Development Commission to attract new businesses to Nueces County. Nueces County participants in Tax Increment Reinvestment Zones, Tax Abatement Agreements with industries who create new jobs, and the Foreign Trade Zone of the Port of Corpus Christi Authority.

KEY ISSUE: INFRASTRUCTURE

<u>GOAL 2</u>: Provide Local Government support for urgently needed Transportation projects.

Objectives

- 1. Work closely with federal, state, surrounding counties and cities and the port of Corpus Christi Authority officials in developing and implementing a funding strategy for construction of a new harbor bridge.
- 2. Continue to participate with the state in funding the purchase of right-of-way land and improvements to right-of-way, as required for the construction of Interstate Highway 69 which runs north to south through Nueces County.
- <u>GOAL 3</u>: Improve the County Airport so that it is better able to provide mid-sized air transportation of people and cargo and thus become an economic asset to the County.

Objectives

- 1. Collaborate with the Texas Department of Transportation, Aviation Division, to leverage state and federal funding necessary for constructing a new Terminal, additional Fuel Tanks, and additional Hangars.
- <u>GOAL 4:</u> Improve facilities and implement programs that enable accessibility to all County facilities and programs as required under the Americans with Disabilities Act (ADA).

Objectives

- 1. Employ one or more Independent Licensed Architects, who are knowledgeable about architectural accessibility requirements of the ADA, to assist in identification of deficiencies and recommending corrective measures to ensure all facilities meet ADA requirements.
- 2. Employ an ADA consultant to assist in identifying deficiencies that may exist in County programs, and to help formulate corrective measures to ensure all facilities meet ADA requirements.
- 3. Employ an Independent Consultant who is knowledgeable about accessible website development. County is in process of initiating development of a completely new website and the Consultant will assist in ensuring the website meets ADA requirements.
- 4. Prioritize, fund, and implement corrective measures, as recommended by the Architects and Consultants, over a three year period to ensure compliance with the Americans with Disabilities Act.

KEY ISSUE: PUBLIC SAFETY - EMERGENCY MANAGEMENT

GOAL 5: Strengthen County-wide Emergency Management Coordination.

Objectives

- 1. Continue to support and improve participation in a County sponsored annual Hurricane Conference.
- 2. County Judge, as chief disaster preparedness officer, will continue to host periodic meetings with all Mayors and Emergency Management Coordinators in the County to strengthen communications and coordination between each entity.

KEY ISSUE: ADMINISTRATION OF JUSTICE

<u>GOAL 6</u>: Expand Jail capacity and/or reduce the inmate population in order to eliminate jail overcrowding. *Objectives*

- 1. Study the feasibility of expanding the jail capacity by adding up to two additional 72 bed dormitories at the McKinzie Jail Annex location.
- 2. Work with the Sheriff, District Attorney, County Court Judges, and District Court Judges to develop possible avenues for reducing the number of days inmates spend in the jail waiting for disposition of their case.

KEY ISSUE: FINACIAL STABILITY

GOAL 7: Maintain financial stability of Nueces County Funds.

Objectives

- 1. Each year the Commissioners Court adopts a resolution setting the General Fund target fund balance at 25% of budgeted revenues. Over the last 7 years the County has met or exceeded the target fund balance
- 2. Ensure the County's Investment Policy is closely adhered to in order to safeguard public funds. The Policy's top priorities are safety of funds, then availability of funds, and lastly returns on investment.
- 3. In order to ensure proper oversight on investments, the Investment Committee which is chaired by the County Judge meets at a minimum of once a quarter, and a quarterly Investment Report is provided to the Commissioners Court.

Executive Summary

FY 2017/2018 Adopted Budget

Budget Overview

The Adopted Budget for fiscal year 2017/2018 continues to hold the established principles in Nueces County of conservative fiscal planning and preparation for the future. Commissioners Court priorities with regards to the budget include producing a balanced budget. The challenges faced by Nueces County include the continued funding of programs mandated by the State of Texas and the strains on transportation within the county. The Adopted Budget represents strategies that bring recurring expenditures in line with revenues while continuing to provide a high level of services to constituents.

The Adopted Budget also provides for targeted initiatives in commissioners court priority areas. These initiatives are included in the budget with an adopted combined general fund & debt service tax rate only slightly above the effective tax rate by 0.005126 cent increase or 1.17% above the effective tax rate.

- Maintaining a homestead exemption of 5% with a \$5,000 minimum.
- Continuance Pay increase of 2.5% for approximately 160 employees.
- Law Enforcement salary increases in compliance with the collective bargaining agreement.
- Provides additional funding for health insurance
- Sets aside contingency funds related to a pending property tax protest

The net property tax valuations are up and as of January 1, 2017 valuations are higher by approximately 3.89% for a total net taxable valuation of \$26.70 billion. New growth was \$610,353,421 million for the General Fund and \$639,245,418 million for Farm to Market. For further information on property valuations please see the schedules that begin on page 497.

Total revenues for all funds, are budgeted \$171.33 million. Compared to the 2016/2017 Budget of \$160.74 million as shown on the *Condensed County Budgets* table above, the revenues are higher by \$10.59 million or 6.59%. Total resources available in this budget are \$222.61 million. The prior year budget had \$218.98 million total available resources. Total available resources comprise beginning fund balances, revenues, and transfers in. It is estimated that the county will begin this fiscal year with \$40.05 million in fund balances – all funds. By law the total of budget allocations cannot exceed the total of resources available. Again, for fiscal year 2017/2018 the total resources available are \$222.61 million.

₁ Does not include Capital Projects and Grants Funds. Annual budgets are not adopted for either Capital Projects Fund or Grants Funds. Instead, the Capital Projects Funds adopts a separate multi-year project budgets and the Grants Funds adopt multi-year contract budgets.

The total appropriations budget, excluding transfers out, for all funds₁ is \$197.55 million. The appropriations budget₁ is higher by \$14.09 million or 7.68% as compared to the 2016-2017 appropriations budget of \$183.46 million. Grand total FY 2017/2018 allocations, which include transfers out and ending fund balances for all funds₁, is \$222.61 million, an increase of \$3.63 million as compared to FY 2016-2017. Budgeted ending fund balances for fiscal year 2017/2018 are \$13.83 million, a decrease of \$(10.71) million or -43.66% when compared to last year. In summary, resources available were allocated toward appropriations and ending fund balances in such a way that appropriations will cover the anticipated higher costs, and most importantly the county will end the new fiscal year with a decrease to the fund balance and still keeping its current strong position.

Revenues. Total revenues for all funds₁ show an increase of \$10.84 million as shown on the *Change in Revenue Budgets All Funds*₁ (FY 17/18 to FY 16/17) see the table below. This net increase is due to an increase in budgeted tax revenue due to the higher property valuations and the county adopting a tax rate above the effective tax rate for the general fund and an increase in budgeted revenue for the GEO prison contract.

Change in Revenue Budgets - All Funds, FY 16/17 to FY 17/18 (in millions)

	2016-2017	2017-2018	Increase (Decrease)
General Fund	\$ 86.83		\$ 2.29
Road & Bridge Fund	7.57	7.21	(0.37)

Law Library Fund	0.17	0.17	0.00
Airport Fund	0.18	0.18	0.00
Inland Parks Fund	1.60	1.67	0.07
Coastal Parks Fund	2.65	3.13	0.48
Sub-total Operating Funds	100.24	102.72	2.48

Special Revenues Fund	46.36	51.95	5.58
Self Insurance Fund	12.80	15.11	2.32
Sub-total Other Funds	71.49	79.85	8.36
Total	\$ 171.72	\$ 182.57	\$ 10.84

Operating Funds. In line with what was previously stated, that revenues are projected to have consistent stable performance, the total revenues budget shown above for the operating funds is higher than it was in the previous fiscal year. The \$2.29 million increase in general fund budgeted revenues is the result of increased budgeted tax revenue due to the higher property valuations and the county adopting a property tax rate slightly higher than the effective tax rate for the general fund maintenance and operations (M&O) tax rate.

The Road & Bridge Fund shows a slight decrease in budgeted revenues, as the general fund continues to help offset the change at the state level as to what funds the State of Texas uses to pay the county its collection commission for collecting state sales tax on the sales of motor vehicles and auto registration fees. The county's budget for the changes made by the state had to be adjusted by increasing the general fund transfers out and increasing the road and bridge's transfers in.

Other Funds. The budgeted increase in the self-insurance fund is the result of an increase in employer and employee health care premiums from all funds. The increase in the special revenue fund is a result of three rate increases in the prison contract that went into effect during the 2016/2017 fiscal year. The increase in revenues in the debt service fund is a result of the county's increase in property tax valuation.

1 Does not include Capital Projects and Grants Funds. Annual budgets are not adopted for either Capital Projects Fund or Grants Funds. Instead, the Capital Projects Funds adopts a separate multi-year project budgets and the Grants Funds adopt multi-year contract budgets.

Appropriations. In the table below, *Change in Appropriations Budgets – All Funds*₁ (*FY 16/17 to FY 17/18*), it shows \$14.39 million more appropriations over last year.

Change in Appropriations Budgets - All Funds, FY 16/17 to FY 17/18 (in millions)

	2016-2017	2017-2018	Increase (Decrease)
General Fund	\$ 94.54	\$ 97.98	\$ 3.44
Road & Bridge Fund	9.57	10.01	0.44
Stadium & Fairgrounds Fund	2.77	2.61	(0.16)
Law Library Fund	0.23	0.23	(0.01)
Airport Fund	0.22	0.22	(0.00)
Inland Parks Fund	1.77	1.76	(0.01)
Coastal Parks Fund	3.22	3.36	0.14
Sub-total Operating Funds	112.33	116.17	3.83
Debt Service Fund	11.96	14.19	2.24
Special Revenues Fund	57.64	63.72	6.09
Self Insurance Fund	12.92	15.15	2.23
Sub-total Other Funds	82.51	93.07	10.56
Total	\$ 194.85	\$ 209.23	\$ 14.39

As to the operating funds, the net increase of \$3.83 million is minimal. The general fund reflects an increase of \$3.44 million. Considering the newly added state and federal unfunded mandates, the cost of salary increases and the inflationary costs that the Commissioners Court had to offset by other budgetary cuts, the fact that it is only a slight increase is a significant accomplishment.

Appropriations are further discussed by expenditure function and type later in this report. Looking at the big picture the operating appropriations budget reflects a 3.41% increase. This increase in the operating funds appropriations budget appears easily acceptable to have little effect on operations. In summary, this budget is the basis for controlling expenditures for the new fiscal year. The sum totals alone do not reflect the challenges that were faced while preparing this budget and that still must be faced in the future.

Budgetary Policies and Procedures

The overall goal of the County's budget policy and procedures are to establish and maintain effective management of the County's financial resources. Formal policy statements and major objectives provide the foundation for achieving this goal. Accordingly, this section outlines the policies and procedures used in guiding the preparation and management of the County's overall budget and the major objectives to be accomplished.

The County follows the financial policies below in establishing the budget:

Guidelines

The budget will be prepared in such a manner as to facilitate its understanding by the citizens of the County, elected officials, and employees.

Financial information systems will be maintained to monitor operations of the County on an ongoing basis. Also, the accounting and financial reporting systems will be maintained in compliance with current generally accepted accounting principles.

¹ Does not include Capital Projects and Grants Funds. Annual budgets are not adopted for either Capital Projects Fund or Grants Funds. Instead, the Capital Projects Funds adopts a separate multi-year project budgets and the Grants Funds adopt multi-year contract budgets.

Capital Improvement Policies

The budget will provide for adequate maintenance of capital, infrastructure, equipment, and for their logical replacement. The County will establish an appropriate mix of general fund transfers, state grant funds, and debt in the funding of capital projects.

Debt Management Policies

The County will confine long-term debt to capital improvements or projects that cannot be financed from current revenues. The County will not use long-term debt for current operations. The County will strive to have the final maturity of general obligation bonds at, or below thirty years, and within a period not to exceed the estimated useful life of the project.

Balanced Budget

A balanced budget is when there is neither a budget deficit nor a budget surplus, it is when revenues = expenditures. Nucces County adopted a balanced budget in the 2017-2018 fiscal year by utilizing reserves.

Fund Balance Policies

The County will strive to maintain an unreserved, available fund balance of approximately 25% of budgeted revenues for the General Fund. Fund balance for Debt Service funds will be maintained according to debt covenants. Fund balance for Special Revenue funds will be maintained to ensure a positive fund balance for the individual funds. Please also refer to the Commissioners Court Resolution Establishing Financial Guidelines for Minimum General Fund Reserves on page 476.

Investment Policies

These Investment Policies apply to the investment of short-term operating funds of the County in excess of those funds required to meet current expenditures. Topics included in the investment policy are quite detailed and include information of Strategy, Scope, Objectives and Priorities, Responsibility and Control, Reporting, Institutions, Instruments, Procedures, Collateral and Safekeeping, and Policy Review and Amendments. The complete policy can be reviewed in the separate Investment Policy Manual maintained by the County's Investment Committee and the Commissioners Court.

Capital Asset Procedures

Capital assets include buildings, roads, bridges, equipment, computers, and vehicles. Nueces County's monetary criteria is \$5,000 or more and with a useful life of more than one year, plus items shown on the exception list. Examples of items on the exception list are computers, radios, tablets, guns and other items considered necessary. Once purchased, all capital assets are maintained in the physical inventory until disposed.

Budget Process

The County follows the procedures below in establishing the budget. Please also reference the Budget Planning Calendar starting on page 44.

The budget provides the County with a financial plan to ensure the County operates within its financial means. The goal is to produce a budget that clearly states what services and functions will be provided with given financial, personnel, and other resources. The budget should be clearly understandable by the taxpayers and citizens at large. It is a policy document that defines issues in such a manner that the Commissioners Court can make sound decisions regarding County programs and finances. The Commissioners Court must be given enough information to make funding choices between priorities and alternative programs. The budget provides offices and departments with a financial plan to carry out their objectives. Finally the budget is an important reference document that provides extensive information on the nature and scope of the County operations and services.

Nueces County's fiscal year begins on October 1st each year and ends on September 30th. The budget process for each upcoming fiscal year begins in April with the preparation of budget work papers which are distributed to all County Departments. Each department is asked to project their financial requirements for the upcoming year. The budget work papers are a guide for the initial budget requests.

Departmental annual budget requests are then submitted by the Department or Agency Head to the County Auditor in June. The County Auditor compiles the initial requests and forwards these request to Commissioner Court Administration Director. Budget hearings are held for each department requesting a hearing. Commissioners Court, including the County Judge and four County Commissioners oversee the Budget Hearings. These hearings give the Department Heads the opportunity to discuss with Commissioners' Court any changes in their budget, and items that are a priority. The public is invited to attend all budget hearings, which are posted according to the Open Meetings Act.

In conjunction with compiling departmental budget requests, the County Auditor prepares an estimate of available resources in each fund for the upcoming fiscal year based on trend analysis and current year to date projections. Expenditures budgeted in the various funds may not exceed the fund balances as of the first day of the fiscal year plus the anticipated revenue for the year as estimated by the County Auditor.

In August, the County Auditor prepares the proposed annual operating budget to be presented to the Commissioners Court for their consideration. The budget represents the financial plan for the new fiscal year. Public hearings are held on the proposed budget.

The Commissioners Court must adopt an annual operating budget by a majority vote of the Commissioners Court before October 1st. Annual budgets are legally adopted for the General Fund and Debt Service Fund. Budgets for Special Revenue Funds are established pursuant to statute guidelines. Accountability is then required for operations to remain within available resources.

All transactions affecting the acquisition and disposition of anything of value by the County are recorded in detail in the accounting system adopted by the Nueces County Auditor.

Upon adoption of the budget by Commissioners Court, a copy of the budget is filed with the County Auditor and the County Clerk. The County Auditor will use the Adopted Budget to set up the appropriate budgetary accounts for each office and department. The County Auditor is responsible for the financial accounts of the county. The County Auditor is the budget officer responsible for monitoring expenditures in accordance with the budget and for initiating appropriate budget transfers. Offices and departments within the county are responsible for keeping expenditures within the budgeted amounts.

Budget Amendments. The department is the legal level of budgetary control. Total expenditures cannot exceed the final appropriation once the budget has been adopted. Commissioners Court can amend the total appropriations for an individual department. To comply with expenditure limitations, when one department's total appropriation is increased, another department's appropriation must be reduced by an equal amount. Commissioners Court may also approve the transfer of appropriations within funds.

Accounting System

Basis of Accounting and Budgeting. The "basis of accounting" and the "basis of budgeting" determine when revenues and expenditures are recorded. The County's budget for governmental funds and proprietary funds are maintained on a modified accrual basis. The County's accounting records are also on a modified accrual basis. Under the modified accrual basis revenues are recorded when available and measurable and expenditures are recorded when the services or goods are received and the liabilities are incurred. Encumbrance accounting is used for all funds. Encumbrance accounting means that an estimated cost is recorded on the books at the time of an order of goods or services so that all obligations are booked. When the actual cost is known, it is booked, and the encumbrance is reversed.

The Comprehensive Annual Financial Report (CAFR) shows the status of the County's finances on the basis of "generally accepted accounting principles" (GAAP). The CAFR and the budget are prepared on a basis consistent with GAAP using the modified accrual basis.

The Adopted Budget for the 2017/2018 fiscal year appropriates expenditures into the following expenditure groups:

- Salaries
- Employee Benefits
- Other Personnel
- Office Expense & Supplies
- Telephone & Utilities
- Maintenance & Repair
- Professional Services
- Other Services
- Travel

Each expenditure group is the sum of individual, similar line item allocations. This presentation of budget data is designed to provide offices and departments detailed information but with greater flexibility in the management and control of their budgets. This system reduces unnecessary bureaucratic control while continuing to provide sound financial and management information. Although budgetary data is presented in the budget document according to expenditure group, detailed line item information has been input into the County's financial management system.

Fund Accounting. All County accounts are organized on the basis of funds (related account groups). Using these funds, the revenues and expenditures are approved before the beginning of each fiscal year by a budget adopted by Commissioners Court, which is used to maintain control over resources that have been segregated for specific activities or objectives. The County, like other governmental units, uses fund accounting to ensure and demonstrate compliance with financial legal requirements. Currently all County funds are grouped into three types, governmental funds, proprietary funds, and fiduciary funds.

Governmental funds. Governmental funds include the General Fund, Special Revenue Fund, the Road and Bridge Fund, Stadium/Fairgrounds Fund, Airport Fund, Law Library Fund, Park Funds, Debt Service Fund, Grants Fund, and Capital Projects Fund. The County adopts annual appropriations budgets for all of its governmental funds, except for its capital projects and grants funds. Appropriations in the Capital Projects Funds are made on a project basis rather than on an annual basis and are carried forward until the projects are completed. Except for capital projects, grant and federal entitlement appropriations, or for encumbrances outstanding in any fund, unused appropriations lapse at the end of the each fiscal year.

Proprietary funds. The County maintains one type of proprietary funds, an internal service fund. It is used to account for the payment of employee insurance, general liability insurance, and workers' compensation. These activities are funded on a cost-reimbursement basis, with the expenditure charged to the department incurring the expenditure.

Fiduciary funds. Fiduciary funds are used to account for funds that Nueces County holds on behalf of parties outside the county. The fiduciary funds are not budgeted as the county cannot use those resources to support the county's programs. The funds in the county's custody that are held are for trust and agency funds, community supervision and corrections department (CSCD), metropolitan planning organization (MPO), the permanent school fund, dispute resolutions center, and the district clerk court registry.

Fund Overview and Structure

The county maintains budgetary control of it operating accounts through the use of various funds. A "fund" is a self-balancing set of accounts with identifiable revenue sources and expenditures. It is segregated for the purpose of measuring a specific activity. Fund balance is the excess of revenues over expenditures. These fund balances are available for emergencies and unforeseen expenditures. As stated above, the county will strive to maintain an unreserved, available fund balance of approximately 25% of budgeted revenues for the General Fund. Please also refer to the fund structure table below.

Major funds. The major funds for budgetary purposes differ from the major funds that are reported in the County's Comprehensive Annual Financial Report (CAFR). The County had three major funds in its CAFR for the fiscal year that ended September 30, 2016. The reason for the variance is that the definition and requirements to determine a major fund are different for GAAP external financial reporting and budgetary documents. In a budget, a fund is considered a major fund if its revenues or expenditures, excluding other financing sources and uses, constitute more than 10% of the appropriated budget.

Nueces County has two major budgetary funds: the General Fund and Special Revenues Fund. The major budgetary funds and descriptions are as follows:

General Fund: Main operating fund that accounts for most of the financial resources of the county, which may be used for any lawful purpose; including expenditures for general government, administration of justice, law enforcement and corrections, buildings and facilities, agriculture, social services, and health, safety and sanitation functions. The special revenues fund is comprised of many sub-funds which retain their own ending fund balances. In other words, the fund balances at the sub-fund level carry-over from year to year. For presentation purposes, the sub-funds are totaled together according to the same legal spending authority or like-kind purposes; referred to as groups. Below is a listing of all special revenue departments within their related sub-fund groups.

Grants Fund: Categorized as "other funds," a non-operating fund, as its use is restricted for specific purposes. Accounts for revenues and expenses related to State and Federal financial awards received by the County. Because grants are presented to Commissioners Court throughout the year and some run on different fiscal years, the grants budgets and accounting are maintained separately from this document.

Capital Projects Fund: Accounts for the proceeds of from debt instruments and major capital projects funded with general fund money and appropriations are included in the capital outlay function of the county.

Annual budgets are not adopted for the Capital Projects or Grants funds. Instead, the Capital Projects Fund is budgeted separately using multi-year project budgets and the Grants Fund utilizes multi-year grant contracts that are approved and adopted.

The total adopted 2017/2018 budgeted revenue for all funds₁ is \$182,567,272. This represents an increase of \$10,842,722 or 6.31% more than the previous year budget of \$171,724,550. The largest increase in budget was for investment income which increased 74.47% over prior year. The largest decrease in revenue was seen in fines & forfeitures which decreased (7.59%) from prior year.

Revenue Sources by Type

Property Taxes

The property taxes are Nueces County's largest revenue source, comprising roughly 79.31% of all General Fund revenues and 45.96% of total budgeted revenues for all funds. It includes Current Ad Valorem, Delinquent Ad Valorem, and Penalty & Interest. There are three main parts to the property tax system. The appraisal district values property, administers exemptions, calculates tax ceilings and maintains current ownership information on the appraisal records. The governing bodies of the taxing units, such as the city councils, school boards, or county commissioners decide the annual budgets and set the tax rates. This determines the total amount of taxes to be paid. The tax office calculates the levy, mails the statements, collects the taxes and distributes the tax revenue to the taxing units. All delinquent accounts for the current year are turned over to the tax attorneys for collection. A collection penalty of 15% to 20% of the total unpaid balance is added to the current delinquent accounts. Penalty and interest charges begin to accrue on taxes for the preceding year. Penalty begins at 6% and increases monthly to a maximum of 12% in July. Interest begins to accrue at the rate of 1% per month until the account is paid in full.

All property is taxable unless state or federal law exempts all or part of the value. Total exemptions may be granted for public properties or those owned by qualifying organizations such as churches, schools, or charitable organizations. Homestead, over sixty-five, and disabled veterans exemptions are examples of partial exemptions, which reduce the taxable value on qualifying property.

The FY 2017-18 Adopted Budget reflects a tax rate of 0.307991 per \$100 value - Maintenance and Operations 0.263715 and Debt Service 0.044276. The two components of the maintenance and operations rate are: general fund 0.259816 and road and bridge fund 0.003899. Current property taxes are budgeted using a 95.0% collection rate. The actual collection rate is higher, but a portion of collections is committed to a tax increment financing zone and deferred payment plans. Considering the predominate reliance on property tax revenues for funding operations and that the other revenues are staid, brings into focus the importance of property taxes as the primary funding source for all the county's operations. Please also refer to the tax rate tables on pages 497.

Intergovernmental Revenue

Intergovernmental Revenue is the second largest revenue type for all funds, at \$53,351,418 or 29.22% with the majority coming from the federal prison contact with the US Marshall for housing inmates. The County contracts with GEO to house federal inmates. Intergovernmental revenues are also funds received from federal, state, and local government sources in the form of grants and shared revenues. Intergovernmental revenues are deriving from salary reimbursements, utility reimbursements, tax collection fees, fiscal services, AG child support services, social security administration proceeds, state alcoholic beverage tax, state jury reimbursements, lieu of taxes, senior community services federal grants, juvenile grants, child protective federal grants, Texas hazardous waste fees, food stamp fraud case fees, election reimbursements, and inter-local governmental agreements

Charges for Services

Charges for Services, is the third largest type for all funds₁, at \$16,060,287 or 8.80% and comes from insurance premiums, RV park fees, pretrial intervention fee, collection fees and other charges for service transactions.

Other Resources

Other Resources, is the fourth largest revenue type for all funds₁, at \$11,234,265 or 6.15% and comes from transfers in, which are for interfund charges and cost sharing. A schedule of budgeted transfers is provided begging on page 65, that lists each of the budgeted transfers and a matrix balancing the transfers in with the transfers out.

The General Fund provides most of the transfers. The Inland Parks Fund, Airport Fund, Stadium Fairgrounds Fund and other non-major funds are dependent upon the General Fund for financial support. The General Fund also provides most of the required matching funds for grants.

Motor Vehicle Services

Budgeted revenues deriving from motor vehicle services total \$7,360,000 and represent 4.03% of total revenues for all funds₁. Motor vehicle services include registration fees, titles, license plates, permits and motor-vehicle sales taxes collected.

Revenues by Fund Group

Operating Funds

There are seven governmental funds which the county refers to as operating funds, of which, the general fund is the largest and the main operating fund. The operating funds are listed on the *Summary of Projected Fund Balances for 2017/2018 Budget*, beginning on page 63.

The proportion of property tax revenue including penalties and interest on delinquent collections as a percent of total revenues (operating funds only) has been inching forward and is becoming a larger component of total revenues as shown below.

Operating Funds Budgeted Property Tax Revenues as a Percentage of Total Revenues

	Property Tax	% Tax	
	Revenue	Revenue of	Total
	(millions)	Total Revenue	Revenue
Actual FY 14/15	\$64.99	72.08%	\$90.16
Actual FY 15/16	\$65.73	76.34%	\$86.11
Estimated Actual FY 16/17	\$69.12	79.86%	\$86.54
Budget FY 17/18	\$71.76	78.44%	\$91.48

Please see schedules in the back of this book on property valuations and effective tax rates for further information related to property taxes. Please see pages 497-502.

The total revenue budget for the operating funds has a slight increase of \$2.27 million as compared to FY 2016/2017 budget. The general fund budgeted property tax revenues increase by \$2.70 million. Revenues from property taxes can only increase in two ways: (1) an increase in the tax rate as defined by Truth-In-Taxation or (2) the community experiences new construction from either the commercial or residential sectors. This year's property tax budget benefited from an increase in new construction in both the commercial and residential sectors and an increase in tax valuations.

Considering the predominate reliance on property tax revenues for funding operations and that the other revenues are staid, brings into focus the importance of property taxes as the primary funding source for all the county's operations. To keep fund balances at current levels a balanced budget in the future will be needed.

Debt Service Fund

Property taxes are separately levied to meet debt service requirements. The debt service tax rate was set at 0.044276, which is the same rate that was used for the FY 2016/2017 budget. The current tax rate will generate \$12,150,375 in current taxes to meet debt service requirements that total \$13,934,616 leaving a budgeted ending fund balance of \$1,800,155.

Other Funds

There are three funds categorized as other funds: the special revenue fund, grant fund and the self-insurance fund. These funds are not considered as operating funds because their use is restricted due to legislation, contractual agreements or commissioners court action. In addition, much of the funding recorded in the special revenues fund and grants fund is precarious and therefore not suitable for financing ongoing operations.

The special revenues fund is comprised of many sub-funds which retain their own ending fund balances. In other words, the fund balances at the sub-fund level carry-over from year to year. For presentation purposes, the sub-funds are totaled together according to the same legal spending authority or like-kind purposes. For example, state law gives the spending authority of asset forfeiture funds to the applicable law enforcement agency and district attorney. The asset forfeiture funds are not under the control of Commissioners court. The asset forfeiture funds are grouped together because of like-kind purpose. The largest sub-fund groups are those funds under the authority of Commissioners court which has a revenue budget of \$45,765,079. The second largest sub-fund group presented by same legal spending authority is the community health funds with a total revenue budget of \$1,417,500. The third largest sub-fund group presented by same legal spending authority is the Juvenile Program fund with a total appropriations budget of \$738,457. Please refer to summaries schedule on page 59 for the special revenue fund. Total combined revenues are \$45,090,323 for the special revenues fund for the 16/17 budget, an increase of \$732,256 as compared to last year's budgeted revenues of \$44,358,067.

Grant funds continue to be a vital source of revenue to the county. Officially, grant activity is not adopted as part of the annual budget because separate program budgets are adopted instead, which overlap the county's fiscal years.

The self-insurance fund revenues come from premiums charged to the operating funds for workers compensation, property and general liability and group medical insurance. As expected, when revenues in the self-insurance fund go up, operating fund expenditures will also increase. The county is not 100% self-insured. The self-insurance fund purchases commercial policies, which when prices go up also triggers premium increases to the operating funds. The self-insurance fund has to charge premiums to the operating funds large enough to cover the sum of anticipated costs in those areas where the county is self-insured and to pay for outside commercial policy premium costs plus deductibles. The county has an excellent safety record for the past ten years and is experiencing low premium costs in workers compensation. Premiums charged to the operating funds for general liability have increased due to higher windstorm coverage. A schedule of insurance coverages for property and other risks for which commercial policies are obtained is presented in the back of this book on page 507.

Method Used to Estimate Revenues for the 2017/2018 Budget

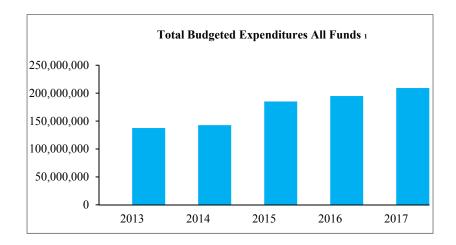

Property Tax Revenue, as previously stated, is budgeted based on an estimated collection rate of 95%. The actual collection rate is historically higher, but a portion of collections is committed to a tax increment financing zone and deferred payment plans. Considering the predominate reliance on property tax revenues for funding operations and that the other revenues are staid, brings into focus the importance of property taxes as the primary funding source for all the county's operations, thus is budgeted conservatively.

All other revenue types are budgeted based on historical trend analysis. However, when budgeting for these revenues, the County also takes into account any other information available that may have an impact on projections for the upcoming fiscal year.

This section concludes analysis on revenues until later in this report where the general fund and road and bridge fund are broken out in further detail. The good news starting last budget year is that property valuations increased from the previous year and realized some new growth. Overall, the county's revenues look consistent, stable and dependable. Actual performance at the end of this fiscal year is expected to be better than the amounts budgeted herein.

Expenditures

The total adopted appropriations for all funds₁ for fiscal year 2017-2018 is \$209,232,082. This represents an increase of \$14,386,947 or 7.38% more than the prior year's appropriations of \$194,845,135.

Appropriations by Function

The Chart below presents a side-by side comparison of the expenditures by function for all funds₁ for the last five years with the percentage change from FY 16-17to FY 17-18 budget.

The largest area of budgeted growth is Debt Service function. This function has grown by \$2,237,299 or 18.71% from the previous year.

Other large areas of budgeted growth include the Self Insurance showing 17.25%, the Law Enforcement and Corrections showing 10.16%, Building & Facilities showing 8.42%, and Road Bridge and Transportation showing 4.21%.

¹ Does not include Capital Projects and Grants Funds. Annual budgets are not adopted for either Capital Projects Fund or Grants Funds. Instead, the Capital Projects Funds adopts a separate multi-year project budgets and the Grants Funds adopt multi-year contract budgets.

There is only one function that saw a budgeted decrease in expenditures. The Parks and Recreations saw a decrease of (0.30%).

Appropriations – Operating Funds Group

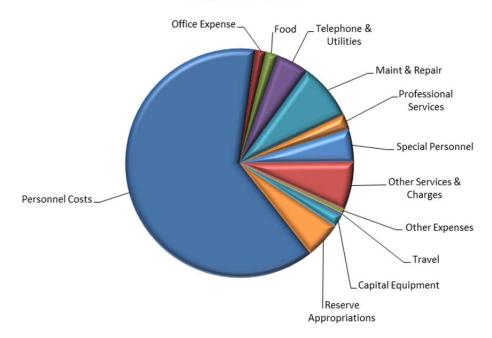

Appropriations by Expense Type – Operating Funds Group

The total operating funds budget (appropriations only, without transfers out) is \$3,609,276 or 3.51% higher than the 2016/2017 budget. The table below, *Operating Funds-Appropriations by Expense Type*, presents a year-to-year budgetary comparison by expense type. Again, for a listing of the funds that comprise the operating funds group, please refer to the *Summary of Projected Fund Balances for 2017/2018 Budget* starting on page 63.

Operating Funds - Appropriations by Expense Type Budget 2017/2018

Personnel costs are budgeted higher by \$2,311,213which is the net effect of several items. Some of the items are: law enforcement cost of living pay increases in accordance with collective bargaining agreement, a 2.5% pay increase for approximately 160 employees eligible for the 3 years of service continuance pay, a limited number of new positions, and a significant increase in the cost of health insurance premiums charged.

Maintenance and repairs increased by \$439,863 or 5.45%. This increase in the maintenance and repairs budget represents an increase in general repair costs for the county buildings in general, as well as an increase in the cost of materials used in the repair of roads and bridges.

Professional Services increased by \$398,256 due to increase in the cost of maintenance in computer equipment service contracts and other related professional services.

Telephone and utilities expenditures increased by \$258,521 due to additional internet connections at various outlying buildings, additional wireless connections, as needed, and a few increases in electrical service contracts.

Other services and charges slightly increased by \$212,593, this is due to an increase in insurance premiums the county pays for insurance that is expensed to the funds that are charged the expense as well as other service and charges.

Capital outlay is a category that has discretionary spending as a large component. To stay within the overarching guidelines in setting this budget, the commissioners court eliminated the discretionary component in the capital outlay budget.

Contingency appropriations are not an expenditure category in and of itself. It is strictly used for budgetary purposes where an appropriation is set aside for unforeseen expenditures. Commissioners court must approve all transfers from this category. The funding available for unforeseen expenditures was increased by \$99,214 or 1.86%.

Explaining the reasons for the changes in the budget based on the budget categories or rather by type of expense will also apply when looking at the budget changes by governmental function. Below is a table comparing 2016/2017 operating funds appropriations budget to 2017/2018 budget by function of government.

Total Appropriations	102,913,214	106,522,490	3,609,276	3.51%	100%				

The governmental functions with the largest changes are Law Enforcement and Corrections with an increase of \$1,128,086, Buildings and Facilities with an increase of \$1,033,584, General Government with an increase of \$665,030. Administration of Justice with an increase of \$515,578, Road, Bridges and Transportation with an increase of \$438,389, and finally the governmental function of Agriculture, Education & Consumer Science with an increase of \$36,108.

The law enforcement and corrections function increase was due to a cost of living increase for all law enforcement personnel based on the Nueces County Sheriff's Officers Association Collective Bargaining Agreement, the cost of continuance pay of 2.5% and an increase in health insurance premiums.

The building and facilities function increase was due to contact preventative maintenance and other building maintenance expense increases and unexpected increase on the cost of utilities.

The general government function increased in the following areas: cost of continuance pay of 2.5%, and an increase in contingent appropriations, and an increase in health insurance premiums.

The administration of justice function increase was due to a cost of continuance pay of 2.5%, reclassifications of positions of several departments, and a significant increase in health insurance premiums.

The governmental function, roads, bridges and transportation, experienced an increase due to the cost of materials and other related road and bridge expenditures and other increases associated with personnel expenses.

In summary, the appropriations for the operating funds increased by 3.51%. The total amount budgeted for operating funds appropriations is \$106.5 million. The fiscal impact from increased personnel costs, higher property insurance costs, mandated cost increases, and other market forces have been addressed and mitigated in this budget. With this budget, county services should continue as normal, but further efficiencies need to be identified to control increased risks caused by budgetary pressures.

Fund Balances

What is Fund Balance? Fund balance reflects the net financial resources of a fund, which is assets minus liabilities, or simply put it is dollars available to spend. Since all related assets and liabilities are not reported for governmental funds, fund balance is considered more a measure of liquidity. Fund balance is also important to guard against unanticipated events that would adversely affect the financial condition of the County and its ability to provide necessary public services.

The Governmental Accounting Standards Board (GASB) Statement Number 54, requires that governmental fund balance amounts be reported as non-spendable, restricted, committed, assigned, and unassigned. If some of the funds resources are not available to spend, this would be indicated by "restricting" or "reserving" a portion of the fund balance. Fund balance policy levels are set using the unrestricted fund balance (committed, assigned, and unassigned). The classifications for governmental fund balances are as follows:

Restricted

- 1. *Nonspendable* (inherently nonspendable) resources that cannot be spent because they are not in spendable form, or legally or contractually required to be maintained intact (ie. endowment principles). The "not spendable in form" criterion includes items that are not expected to be converted to cash (ie. inventory, long-term loan receivables).
- 2. Restricted (external enforceable limitations) resources with limitations imposed by creditors (ie. debt covenants), grantors, contributors, laws, regulations, or enabling legislation

Unrestricted

- 3. *Committed (self-imposed limitations)* resources whose use is constrained by limitation that the governing body has imposed and remains binding until removed in the same manner. This includes amounts that can only be used for a specific purpose imposed by formal action through a resolution of commissioners court.
- 4. Assigned (limitation resulting from intended use) resources whose use is constrained for a specific purpose but do not meet the criteria to be classified as restricted or committed. In the general fund, assigned amounts represent intended uses established by Commissioners Court or state statute. In governmental funds other than the general fund, assigned fund balances represent the remaining amount that is not restricted or committed.
- 5. *Unassigned* resources of the general fund that include all spendable amounts not contained in the other classifications. In other governmental funds, the unassigned classification is used only to report a deficit balance resulting from overspending for specific purposes for which amounts had been restricted, committed, or assigned.

Ending fund balances for operating funds are budgeted at \$10.54 million for fiscal year 16-17. Compared to last year this is a decrease of \$7.80 million or 42.53%. Last year the budget for ending fund balances was \$18.34 million. Budgeted ending fund balances for all funds is shown on the *Summary of Projected Fund Balances for 2017/2018*, starting at page 63 and are budgeted at \$13.83 million. In comparison, the ending reserves were budgeted at \$24.54 million in 2016-17.

The Nueces County's *Budget Policies and Procedures* on minimum general fund reserves establishes the minimum to be at least twenty-five percent of general fund budgeted revenues and transfers in. Applying this twenty-five percent guideline, equates out to \$22 million, which puts the budgeted ending general fund balance short by \$12,589,525. A budgeted ending fund balance is not the same as the actual ending fund balance. It is projected, that the actual ending fund balance will higher than the budgeted fund balance because actual expenditures historically are less than budgeted appropriations and actual revenues are more than budgeted revenues. Typically the general fund actual revenues are 101% of budgeted revenues, and actual expenditures are 97% of budgeted appropriations resulting in an ending fund balance of more than what is budgeted.

Fund balances in all operating funds and the debt service fund reflect strong balances and are at the upper limits recommended by bond rating agencies.

Employee Positions

This budget includes position control over all county employees. Personnel cannot be hired without a position budgeted and approved by commissioners court. In addition, each employee position automatically freezes upon vacancy as ordered by commissioners court (see *Budget Resolutions* beginning at page 470 for the Order of the Nueces County Commissioners Court Affecting Budget Authority for Employee Positions page 477).

There are a total of 1,236 budgeted positions, a net decrease of 9 positions compared to last year. Most of these positions are full time equivalents. Part-time positions and shared positions are counted as whole positions in each department for position control purposes.

The net change to the county's labor force by governmental function is as follows:

Again there are 1,236 positions budgeted for the 2017/2018 fiscal year, a net decrease of 9. This count does not include the 179 positions in CSCD under the State of Texas.

Personnel costs comprise 62.74% of total operating appropriations and to achieve the cost savings large enough to offset the mandated cost increases, the commissioners court had to take action that affected personnel cost. The general fund personnel budget has returned to 100% when commissioner court removed the 30-day freeze that was part of the 11/12 and 12/13 budgets. Monitoring personnel costs still will be closely done because of the built-in budgetary impact.

Budget Detail of the Operating Funds Group by Fund

The county categorizes all the governmental funds in four groups: operating funds, debt service funds, capital projects funds and other funds. Budgetary changes and highlights are presented in this section on each fund separately that are part of the operating funds group.

The General Fund is the main operating fund in that it can be legally used for any activity or governmental function. The total appropriations and transfers out budget are higher by 3.63% or \$3,435,525 for a total of \$97,975,165. The general fund subsidizes the road & bridge fund, stadium & fairgrounds fund, inland parks fund and coastal parks fund, airport fund and capital projects fund and provides most of the local match on grants. These subsidies are budgeted as transfers out. The 2017/2018 budget for transfers out is \$9,162,199 which is \$82,444 more than the previous year. Appropriations are \$88,812,966 which is \$3,353,081 or 3.92% higher than the previous year.

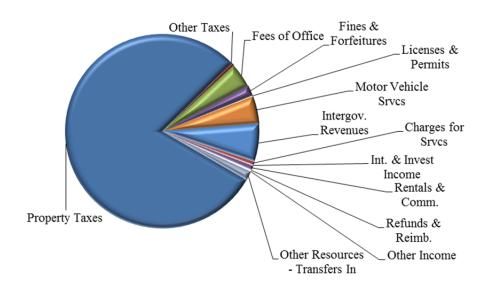

General Fund Revenues. General fund revenues and transfers increased by \$2,289,268 or 2.64% for a total of \$89,123,317. Total budgeted appropriations and transfers out exceed total revenues and transfers in by \$8,851,848 reducing the fund balance reserves. As mentioned earlier, actual expenditures have always been less than budgeted appropriations, and at the end of this fiscal year the ending fund balance is expected to be higher than the budgeted ending fund balance. See General Fund Revenues Summary on page 53.

The general fund revenues and transfers in are conservatively budgeted at \$89,123,317 with the expectation of actual revenues to come in around 101% of the amount budgeted. The general fund tax rate is 0.259816 per \$100 property valuation. Property taxes comprise 79.31% of total general fund revenues and transfers in. Last year, property taxes constituted 78.29% of total general fund revenues and transfers in.

The following table, *General Fund Revenues and Transfers In Budget Comparison*, shows the current 2017-18 year budget is compared to 2016-17 Budget and the 2015-16 Actual.

2017-18 Budget General Fund Revenues and Transfers In

Most of the large changes made to the general fund revenue and transfers in budget for 2017-2018 have been previously explained elsewhere in this report. To be brief, the overall change 2.64% total 2017-2018 revenues. The general fund revenues remain reliable, steady and strong. The significant changes are summarized on the following page:

General Fund Expenditures and Transfer Out 2017/2018 Budget Year

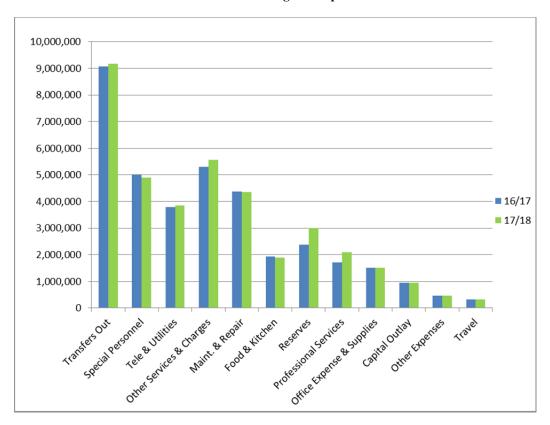

Total general fund expenditures and transfers out increased by 3.63% or \$3,435,525.

Again most of the large changes made to the general fund expenditures and transfer out budget for 2017/2018 have been explained elsewhere in this report. The budget compares favorably to the prior year.

Getting to this bottom line was not an easy task. The hard decisions faced by Commissioners court were not one time only decisions. Some of the issues will need to be deliberated on again for the next year. Needless to say, this is a tight budget, but current services levels are planned to be maintained and fund balances comply with financial policies.

Using a bar chart to compare the budget changes (excluding personnel costs) in dollar amount order makes it easier to see the changes made. Personnel cost is the largest expenditure and comprises 61.18% of total general fund appropriations and transfers out. This category is eliminated in the bar chart on the following page for displaying purposes.

General Fund Budget Comparison

A complete schedule of all transfers for all funds is presented starting on page 65. Please see *Schedule of Budgeted Transfers* 2017/2018 for more information.

Recapping, the General Fund 2017/2018 budgeted revenues and transfers in is \$89,123,317 and expenditures and transfers out is \$97,975,165, leaving a budgeted ending fund balance of \$9,691,304. The budgeted ending fund balance represent 0.10 months of cash flow using 16/17 budget figures. Despite the actual performance being usually favorable when compared to the budget, the general fund ending fund balance at 9/30/17 is projected to be in below the 25% minimum fund balance policy.

The Road & Bridge Fund comprises three departments: road & bridge, engineering, road right of way. The road & bridge and engineering department are the main departments and the following tables cover these operations only.

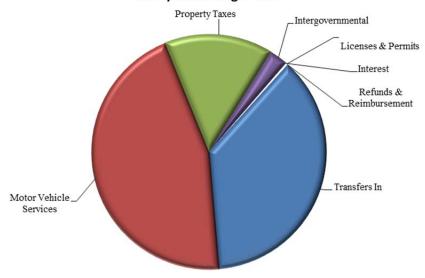

The primary source of funding for these operations comes from a \$10 vehicle registration fee and a collection commission from the State of Texas. Revenues deriving from motor vehicle related cash flows total \$3,260,000 and represent 45.23% of the total revenues and transfers in of \$7,208,021. Property taxes provide 14.94% of the funding for a total of \$1,077,235. Total revenues and transfers in as shown on the table on the following page, *Road & Bridge Revenues and Transfers In Budget Comparison* are \$366,527 less than the prior year budget.

This decrease is mainly due to a reduction in transfers in. As previously explained, due to a change made at the state level the commission for collecting the state sales tax on the sale of motor vehicles is being moved over to the general fund. This is the second year the General Fund did not need to increase its transfers to the road and bridge fund to compensate the road fund for this loss in revenue. The other significant increase in the budget is from property taxes which is due entirely to higher evaluations and new construction.

The 2017-2018 tax rate for Farm-to-Market, Lateral Road & Flood Control is 0.003899 per \$100 valuation. Intergovernmental revenues survived the last Texas legislative session without diminution due to statewide opposition from all counties. Countering such proposed mandates may take more time and attention in the future.

Road and Bridge Fund Revenues and Transfers In 2017/2018 Budget Year

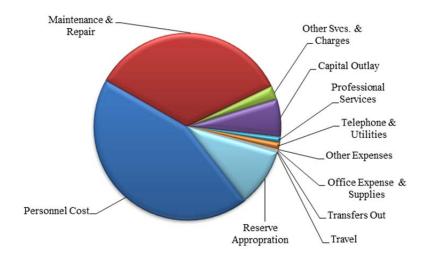

The total road and bridge and engineering departmental expenditures and transfers out are summarized in the table, *Road & Bridge Fund Expenditures and Transfers Out Budget Comparison*, on the following page. Expenditures and transfers out for 2017-18 total \$10,008,567 and are \$440,263 more than 2016-17. As previously mentioned, operations should be unaffected by this increase because it is due to the increase in continuance pay of 2.5% to employees.

Annual appropriations are necessary to maintain 400 miles of paved roads, 300 miles of caliche roads and 249 bridges. The county's roads and bridges are in excellent condition since 2006 when a \$55.33 million rehabilitation program was completed. The road rehabilitation expenditures which total \$42.54 million are being depreciated over a period of ten years. It is the county's goal to keep these roads and bridges in their "as improved" condition. The challenge of this and future budgets is to synchronize the availability of funds and hence keep the maintenance budget up with the pace of deterioration from use plus maintaining a minimum 25% fund balance.

Road and Bridge Fund Expeditures and Transfers Out 2017/2018 Budget Year

In summary, the road and bridge and engineering department's appropriations and transfers out are greater than revenues and transfers in by \$2,800,546. Budgeted ending fund balance is \$234,322 and this represent 0.03 months of cash flow using 16/17 expenditures and transfers out.

The Stadium & Fairground Fund was established after opening the new Richard M. Borchard Regional Fairgrounds in January 2007. A professional firm is contracted to manage the stadium and fairgrounds. This year the transfer to stadium & fairground funds is \$1,180,000. Total appropriations and transfer out are budgeted at \$2,608,419. The ending fund balance is budgeted at \$445,971 which is a increase of \$264,562 from the previous year.

The Law Library Fund is self-sustaining with revenues coming from civil case fees, user fees and miscellaneous other revenues. Revenues are budgeted at \$174,800 and appropriations are budgeted at \$227,038 with a difference of \$(52,238). The budgeted ending fund balance is \$119,441 which is \$(56,522) less than the prior fiscal year.

Airport Fund accounts for the county airport located outside the city of Robstown. Total resources are split with 56.46% coming from hanger rentals, investment income, and fuel sales and 43.54% from transfers in. The general fund will transfer \$63,800. The revenues budget total is \$103,567. Appropriations and transfers out are budgeted at \$172,103, a decrease of \$(1,874) from last year's budget. The ending fund balance is budgeted at \$46,666. The airport has installed new self-serve fuel dispensers which went into full operation February 2010 and with funding from TXDOT five new hangers were built. Revenues are anticipated to continue to increase as a result of these changes. In 2017 commissioners court approved the construction of a new terminal and apron with the main purpose of increasing air traffic into the airport. This increase will possibly add additional investments which will expand the airport in the future and bring in additional revenue for the County.

The Inland Parks Fund covers operations of the county's parks not located on the coast. There are thirteen county parks included. For a list of county parks see page 501. The majority of funding for the inland parks fund comes from the general fund as transfers in. There is also a small transfer to inland parks from the stadium and fairgrounds fund.

Transfers in from the general fund are budgeted at \$1,642,216, which is an increase of \$70,075 as compared to last year. The stadium fund is transferring \$25,000 to inland parks for grass cutting services. Appropriations decreased by \$(12,518) for a total of \$1,762,034.

The senior community services director is in charge and oversees inland parks operations. The director's salary is budgeted 50% in general fund senior community services department and 50% in the inland parks fund. Overall, the inland parks budget is slightly under funded with revenues and transfers in less than expenditures and transfers out by \$(92,818).

The Coastal Parks Fund maintains approximately 2.79 miles of beach, one R.V. park and several picnic and recreation facilities. There are also two separate sub-funds, beach improvement fund and pier fund which retain their own fund balance and are self-sustaining. Excluding beach improvement fund and pier fund, total revenues and transfers in are budgeted at \$1,520,750, which is the same as the previous year. Appropriations and transfers out total \$2,972,393 up by \$140,804 compared to prior year. The ending fund balance for coastal parks is budgeted at \$3,407.

This concludes the section on budgetary details and highlights on each operating fund in the operating funds group.

Budget Detail of the Debt Service Funds Group

According to the statement of indebtedness on page 493, total indebtedness at the beginning of this budget year (principal outstanding) is \$98,859,252. We foresee that additional debt will be necessary to meet the needs addressed by the Department of Justice to make necessary improvements to several buildings and facilities to meet American with Disabilities Act standards.

Revenue sources for debt service requirements are property taxes, transfers in and investment and interest income. Total revenues for 2017-2018 are \$12,787,875. The property tax rate (for debt service only) is 0.044276. Debt service requirements appropriated are \$14,193,766 increase from the previous year by \$2,237,299.

The county's annual debt service as a percent of the sum of general fund appropriations plus transfers out and debt service appropriations is 14.49%. Last year this ratio was 12.65%. This measure indicates that the County is in a good position as to credit standing and the debt burden does not exceed the community's ability to repay. In general, a debt burden is considered high when debt service payments represent 15-20% of the combined general fund operating and debt service fund expenditures and transfers out.

Other factors, such as a stable tax base and the demonstration of a trend of solid financial position, also affect this ratio. The last credit rating done was August 2017. The county was affirmed on its AA+ rating by Standard & Poor's and its Aa2 rating by Moody's.

The budgeted ending fund balance is \$1,800,155. The county makes four payments per year: November, February, May, and August. The largest principal payment is made in February. To ensure that the funds are on hand when the February principal and interest payments are due, the County plans to slowly increase the fund balance to equal the subsequent year's February debt service requirements.

Budget Detail of the Capital Projects Fund Group

The capital projects fund is not subject to annual budgetary limits because each project has its own budget that usually overlap fiscal years. The capital projects fund is a multi-year funding plan and is not controlled by the annual appropriations budget. There are six sub-funds within the capital projects fund that are used to account for the specific funding sources. The general capital projects fund, department 1901, is used to track individual projects mostly funded with general fund monies via transfers in. Department 1915 capital projects are used to track projects funded by certificates of obligation series 2004 monies. Department 1917 capital projects are used to track projects funded by certificates of obligation series 2015 monies. Department 1920 capital projects are used to track the funding of the new harbor bridge project. Department 1921 capital projects are used to track projects funded by certificates of obligation series 2015 monies. Project budgets still in progress total \$35,407,303.

Please see pages 321-450 for a list by department of the projects in progress. For a detail listing of the individual projects, please contact the county auditor office.

Budget Detail of the Other Funds Group

There are three types of funds in the group of other funds: the special revenues fund, the grants fund, and the self-insurance fund. The budgets of these funds are controlled at the fund level by Commissioners court.

The Special Revenues Fund accounts for numerous sub-funds that are considered "special" because the monies can only be spent on the designated special purposes as ordered by Commissioners court or required by statutory law or contractual stipulations. Each sub-fund retains its own fund balance. The sub-funds are organized and presented by spending authority or like-kind purposes. All sub-funds are summarized on the Special Revenue Summaries on page 55.

Total combined revenues and transfers in are budgeted at \$47,138,637, an increase of \$774,019, as compared to the 2016-16 budget. Combined total special revenue fund appropriations and transfers out increase by \$652,291 for a total of \$58,287,527, providing additional resources for specific public purposes. Combined budgeted ending fund balance is \$1,167,163.

The special revenue fund is increasingly becoming more significant to county operations. When legislation requires certain fees collected be spent for specific purposes, this revenue in the past was not considered a major operating fund. Because of the amounts involved and the growing interest in specific legislation, this fund may be moved from the other funds group to the operating funds group in future budgets.

Grant Funds are not subject to annual budgetary limits. Each grant is subject to its own contractual budget and time frame which usually overlaps the county's fiscal year. The county has other grant funding available which is not included here, but instead is accounted for in the general fund as intergovernmental revenues. The areas where the county is focusing future efforts to obtain grant funding are drainage, parks, and economic development.

The Self-Insurance Fund is an enterprise fund and contains three separate sub-funds: workers compensation; property, auto, and general liability; and group health insurance. The county is self-funded for general liability, professional liability and law enforcement liability subject to state law limitations under the tort reform act. The county limits its risk on health insurance claims by having individual stop-loss coverage at \$375,000. The county has commercial insurance policies to cover most risks for property and auto losses. For a complete list of insurance policies in force, please refer to the *Summary of Insurance Coverages* on page 507.

The workers compensation fund covers direct expenses of pre-1995 cases. For cases originating in 1995 and thereafter the county has outside coverage. The outside insurance coverage is through an insurance pool administered by the Texas Association of Counties (TAC). Each operating fund and any special revenue fund with personnel are assessed a self-insurance premium by this workers compensation fund.

Commercial insurance policy premiums are then paid to TAC from the workers compensation fund. Commercial insurance premiums paid to TAC are budgeted at \$511,440. The ending equity fund balance is budgeted at \$228,631, which is a slight decrease from the prior fiscal year of \$(56,311).

The property, auto and general liability fund is used to pay commercial insurance policy premiums, deductibles, civil settlements (self-insured) and disaster property losses. Operating funds are charged self-insurance premium fees that are recognized as revenue in this enterprise fund.

Every year the county attorney reviews and estimates the contingent liability on pending lawsuits. The commissioners court determines a funding plan for these estimated liabilities and accrues this expense to a balance sheet liability account. The county takes an affordable conservative approach to funding these estimated liabilities and is currently compliant with that policy.

The self-insurance premiums charged to the operating funds are budgeted at \$1,502,600, a slight decrease of \$(22,570) above last year's budget. The budgeted ending equity fund balance, which is separate from the estimated liability account, is \$267,483. Total appropriations remained the same as compared to last year for a total of \$1,569,000.

The health insurance fund was set up when the county went self-insured on its group medical coverage in the early ninety's and had been dormant until October 1, 2001 when the Commissioners court went self-insured again for group medical coverage.

The Commissioners court determines the premium rates charged to both employees through payroll deductions and what the employer pays, that being Nueces county. All premiums charged (employer and employee paid) are deposited into this health insurance fund. Medical claims, prescriptions, underwriter's insurance and administration fees are then paid for from this fund.

By going self-insured, the Commissioners court is anticipating better control of the costs and preventing wide fluctuations in the future. Group health expenses have increased and as a result the budget was increase by \$68,162, as compared to last year for a total of \$12,679,000. Budgeted ending equity fund balance is \$500,899. This includes full accrual of the 90 days runoff claims. The plan benefits remained the same as last year where changes required by the health care reform act, i.e., dependents covered until age 26, mental health, pre-existing exclusionary clauses, etc. were added. Premiums charged to employees increased due to the rising costs as compared to last year. Due to large claims in the prior year commissioner court was required to add additional funds to the group health to cover unexpected future expenses.

Conclusion

The adopted budget represents a program of revenue and expenditures which provide for as high a level of basic services to the community as possible within the limits of available resources. While keeping the tax rate the same as compared to last year, the adopted budget provides for priority areas as discussed before.

In summary, the county remains in excellent financial health in spite of a sluggish national economy. Nueces County continues to maintain a high standard of living for it residents so the increase in population and economic growth show no signs of abatement. We are continuing to strengthen financial controls in the county, and this will enhance the county's financial strength now and in the future.

Nueces County was affected by Hurricane Harvey. The damage was concentrated around the city of Port Aransas. There will be a significant loss in property values, which has yet to be determined. We expect this to be thoroughly discussed during the next budget cycle. We expect that there will be necessary changes in the budget to adjust for this loss in property value.

Currently, Nueces County suffered approximately \$3.5 million in damages to buildings and facilities throughout the county. We are currently working with FEMA and our insurance agencies to cover the costs of damages.

General Fund – Five Year Forecast

The following chart outlines Nueces County five year forecast of the General Fund revenues and expenditures for FY 2015/2016 through FY 2021/2022. The forecast reflects potential future challenges during budget preparation, as increases in expenditures are projected to continue to exceed the growth in revenues. Property taxes are projected conservatively, with annual increases from 1 to 1.5 percent. Increases to employee salaries, benefits and other personnel expenses are projected forward assuming that the County continues to provide a 2.5% Continuance pay increase for all employees that have competed three years or an additional three years of service, as the county has done for the previous nine years. These projections are based upon a series of conservative assumptions and do not reflect the actions that Nueces County will take during these fiscal years.

There are two conclusions that can be drawn from the five year forecast. The first is that Nueces County is dealing with an ongoing issue where annual expenditures are projected to increase at a rate that exceeds the projected growth in revenues. This continued imbalance represents a major issue for Nueces County and challenges it to take additional steps to address this growing issue in the future.

The second conclusion is that Commissioners Court and Commissioner Court Administration have an opportunity to begin identifying and evaluating strategies for improving the financial outlook for Nucces County. The projected five years forecast demonstrated the imbalance of expenditures exceeding revenue from a five to nine percent deficit plus if there is an economic decrease in revenues will result in a higher deficit.

It is to be noted that Nueces County Commissioners Court has adopted a resolution for each of the past nine years to maintain a minimum general fund reserve of twenty-five percent of general fund budgeted revenues and transfers. This fiscal policy has enabled Nueces County to maintain its long-term financial stability and excellent bond ratings. Commissioners Court policies encourage elected official and department heads to stay within the constraints of their budget and not overspend.

NUECES COUNTY

Nueces County is on the Gulf of Mexico southeast of San Antonio. It is bounded on the north by the Nueces River and on the east by the Laguna Madre, Corpus Christi Bay, and Redfish Bay. San Patricio County is on the north border, Jim Wells County on the west, and Kleberg County on the south. The county seat and largest city, Corpus Christi, is 210 miles southwest of Houston and 145 miles southeast of San Antonio. The center of the county lies roughly at 27°44' north latitude and 97°33' west longitude. Two major highways serve the county, Interstate 37 and U.S. Highway 77. Two railroads, the Missouri Pacific and the Texas-Mexican, cross the county.

The area has long been the site of human habitation. Archeological artifacts recovered in the region suggest that the earliest human beings arrived around 6,000 to 8,000 years ago. Following these earliest inhabitants was a culture known as the Aransas. Aransas campsites, some dating back 4,000 years, have been found from Copano Bay, in Aransas County, to Baffin Bay, north of Kenedy County. The Aransas Indians, a nomadic hunter-gatherer people, appear to have left the Gulf Coast around A.D. 1200–1300. The region apparently remained uninhabited for 100 years, until the ancestors of the Karankawas moved there around A.D. 1,400. During historic times, the Coastal Bend area was occupied by several groups of Indians: the Coahuiltecans, Karankawas, Lipan Apaches, and Tonkawas. These groups were subdivided into numerous smaller bands: the Atakapa, Borado, Cavas, Capoque, Emet, Kohani, Kopani, Malaquite, Payaya, Sana, Tamique, and others. These nomadic hunter-gatherers shared a common linguistic basis but did not form larger alliances. After the arrival of Europeans most fled, succumbed to disease, or were absorbed by other indigenous groups; by the mid-1800s virtually all trace of them had disappeared.

The earliest Europeans to reach the area of the future Nueces County may have been the party of Alonzo Álvarez de Pineda, who reputedly reached Corpus Christi Bay on the feast of Corpus Christi, 1519. Conclusive evidence, however, is lacking because the records of his expedition are lost. Nine years later Álvar Núñez Cabeza de Vaca and his crew were shipwrecked on the Texas coast. Although Cabeza de Vaca's exact route is unknown, historians believe that some members of his party skirted Corpus Christi Bay. The Spanish, however, largely ignored Texas until the French, under René Robert Cavelier, Sieur de La Salle, established a colony in the region in 1685. Spanish authorities dispatched an expedition to the region in 1689 under Alonso De León, the governor of Coahuila. Corpus Christi Bay, however, remained unknown and unexplored until 1747, when Joaquín Prudencio de Orobio y Basterra, captain of the presidio at La Bahía, led an expedition down the Nueces River to its mouth, where he arrived on February 26. After his return, José de Escandón, governor and captain general of Nuevo Santander, proposed to found a settlement called Villa de Vedoya at the mouth of the Nueces. Indians living in the area were to be served by a mission named Nuestra Señora del Soto. In the summer of 1749 fifty families accompanied by a squadron of soldiers and two priests set out, but because of drought and poor provisions they never reached their goal. Several other attempts were made to found a colony at the mouth of the Nueces, but not until the 1760s, when ranchers from Camargo, Nuevo Santander (now Tamaulipas), pushed northward in search of new grazing lands, did the first Spanish settlers reach the area. The first settlement was founded by Blas María de la Garza Falcón, captain of Camargo, who in 1766 established a ranch called Santa Petronila, on Petronila Creek. In 1787 Manuel de Escandón, the son of José de Escandón, proposed another settlement at the mouth of the Nueces, but the project never advanced beyond the planning stages. In the late 1780s and early 1790s Spanish authorities also considered moving Nuestra Señora del Refugio Mission to the mouth of the Nueces, but abandoned the idea because of continuing friction with the Lipan Apaches. At the end of the eighteenth century ranchers from the Rio Grande valley began applying for and receiving land grants in the lower Nueces valley. By 1794 a large ranch belonging to Juan Barrera and known as Rancho de Santa Gertrudis was in operation on the north side of Corpus Christi Bay. Between 1800 and the end of Spanish dominion much of what is now Nueces County was granted to ranching families, most of whom were related by marriage. In 1812, after an Indian uprising, the colonists abandoned the area and sought refuge in the Rio Grande valley. The colonists returned, but repeated skirmishes with the Indians continued until about 1824, when peace was made with the Comanches and Lipans. After Mexican independence, the region became part of Tamaulipas. During the period from 1829 to 1836 most of the land in the lower Nueces valley that had not been granted under Spanish rule was deeded to individuals by the Tamaulipan government.

In 1830 new attempts were made to establish colonies in the area. Gen. Manuel de Mier y Terán proposed founding two towns near the mouth of the Nueces. One settlement was to be located at the site of present-day Corpus Christi, but it was never realized. The other settlement, however, a military post known as Fort Lipantitlán, was established in 1831 in the northwestern part of the future county at the point where the road from Matamoros to Goliad crossed the river. During the remaining years of Mexican rule no other towns were established on the west bank of the Nueces, but in the 1820s two Irish colonies were founded on the east side of the river under contracts issued to James Power and James Hewetson by the state of Coahuila and Texas. In 1828 John McMullen and James McGloin^{qqv} obtained a grant to settle a tract of land along the east side of the Nueces ten leagues west of the coast. Later, some of these colonists and their descendents moved west of the river.

During the 1830s two further unsuccessful attempts were made to establish colonies at the mouth of the Nueces. German nobleman Baron Johan von Raiknitz attempted to found a German settlement on the west bank of the Nueces, but the ship carrying the colonists was prevented from landing by the French during the so-called "Pastry War" between France and Mexico. A second ship transporting

colonists from Germany was shipwrecked. Around the same time abolitionist Benjamin Lundy proposed to establish a colony for freed slaves, but the plans were abandoned after the outbreak of the Texas Revolution. During the revolution, Texans under Ira Westover captured the Indian village of Lipantitlán, which was later occupied by Francis W. Johnson and the New Orleans Greys. After the revolution, the area south and west of the Nueces River was a no-man's-land. Texas claimed the territory, but Mexico said it was part of Tamaulipas. Neither exercised effective control. Both Texan and Mexican raiding parties made periodic forays into the region between 1838 and 1841. Mexican Federalist forces twice sought sanctuary at Fort Lipantitlán in the late 1830s, and in 1838 Gen. Antonio Canales organized his army for the Republic of the Rio Grande nearby.

During this period both Mexican and Texan merchants engaged in illegal trading in the Nueces valley. Among the most prominent of these was Henry Lawrence Kinney, who established a trading post and fort on Corpus Christi Bay in 1839. The land belonged to Capt. Enrique Villareal^{qv}, a rancher from Matamoros, who had obtained it in 1832. Villareal led a force of 300 men to confront Kinney in 1841. Kinney, however, managed to negotiate an agreement and purchase the land from him. The small settlement soon became the focus of trade in the area. Repeated attacks by Mexican bands forced Kinney to abandon the post in 1842, but he returned a short time later and reestablished his trading business. A post office opened in 1842 with William P. Aubrey as its postmaster. The population of the small settlement—now known as Corpus Christi—boomed briefly when Gen. Zachary Taylor's army arrived there in September 1845, but it quickly shrank again after the Mexican War.

Nueces County, including the entire area south of Bexar County west to the Rio Grande and east to the Gulf of Mexico, was formed from San Patricio County in 1846 and organized the same year. Corpus Christi, which was incorporated in 1846, became the county seat. The population of the county, however, remained small. Although large numbers of fortune-seekers passed through Corpus Christi to join wagon trains heading west during the California gold rush of 1849, few settlers put down roots. Continuous Indian attacks and the relative isolation of the region kept away most would-be settlers. The first census of the county in 1850 showed a population of 689. Between 1850 and 1861 the Nueces County area was further divided to form several new counties.

Kinney, who continued to promote Corpus Christi, organized a major fair in the town in 1852, reportedly the first state fair in Texas. Despite extensive preparations, however, it proved to be a failure. Two years later, yellow fever decimated the population. Nonetheless, the early 1850s saw the construction of a county courthouse and jail and the beginnings of regular county government.

The mainstay of the local economy in late antebellum Texas remained ranching. Between the Texas Revolution and the late 1840s the area's ranches had been virtually abandoned. After the Mexican War the land grants of Mexican ranchers in the region were gradually acquired by Anglos who reestablished the cattle and horse industries. Tax rolls in 1848 reported only 647 cattle and nineteen horses. By 1860, however, records showed 56,454 cattle and 8,554 horses and mules worth an estimated \$489,520. Farming was not extensive and was only for subsistence.

During the early years of the Civil War, Corpus Christi was an important center for Confederate commerce. In 1859 no fewer than forty-five small vessels carried trade between Corpus Christi and Indianola. Small boats sailing inside the barrier islands transported goods from the Brazos River to the Rio Grande, while inland cotton was moved along the Cotton Road through Banquete to Matamoros and the mills of England. In an effort to halt the trade, Union forces seized control of Mustang Island in the fall of 1863. Corpus Christi was twice bombarded by federal gunboats, but the overland trade continued without interruption until the end of the war.

Although Nueces County escaped the destruction that devastated other parts of the South, the war years were difficult for the county's citizens, who were thwarted by the lack of markets and the wild fluctuations in Confederate currency, as well as by concern for combatants. After the war Nueces County residents experienced a protracted period of lawlessness and violence. Although the black population before the war had been very small and no Ku Klux Klan chapter was organized in the county during Reconstruction, political violence was commonplace, as Republicans and former Confederates struggled for control. Turmoil continued along the Mexican border, and cattle rustling and raids by bandits were frequent problems. In the end, however, because of its relatively small population, Nueces County was spared much of the fighting that other Texas counties experienced, and order was generally restored by the early 1870s.

The war and its aftermath also had a less serious effect on the county's economy than was the case in much of Texas. Land prices fell significantly, from fifty cents an acre in 1860 to twenty-eight cents an acre in 1869. But the boom in the cattle industry in the early 1870s helped Nueces County to overcome the postwar economic depression. In 1871 local tax rolls showed 218,969 cattle worth more than \$942,000, more than four times the number from 1860. The cattle were shipped to market by two main routes: by water to New Orleans and Havana, or overland to Kansas, where they were shipped by rail to the East. During the early 1870s some ten meat-packing plants operated in Nueces County, but most were closed by the middle of the decade because the cattle drives proved to be more profitable.

Mustangs and other horses also contributed to the county's new prosperity; in 1871 there were 34,077 horses and mules in the county. But the greatest competition to the cattle industry came from sheep ranching. Before the ranges were fenced, Nueces County was an important center for wool production. During the late antebellum period, the number of sheep had been relatively small, with some 35,000 reported in 1860. By 1871, 363,835 sheep were counted, and by 1876 the number of sheep topped 650,000. In 1875 and 1876 the assessed value of sheep in the county actually exceeded that of cattle. Falling wool prices in the 1880s, however, and the advent of fencing eventually caused the sheep industry to decline. But for a number of years between the mid-1870s and early 1880s Nueces County led all Texas counties in the number of sheep and cattle.

During the latter half of the nineteenth and the early twentieth centuries, the population of Nueces County grew markedly, particularly in the decade after the turn of the century. In 1860 the county had only 2,906 residents, but the number increased rapidly in the post-Civil War years, to 3,975 in 1870, 7,673 in 1880, 8,093 in 1890, 10,439 in 1900, and 21,955 in 1910. Much of the population was centered in and around Corpus Christi, which gradually emerged as the commercial hub of the region. As the city grew in importance as a shipping center, efforts were made to improve access to the ocean. In 1874 the main sea channel was dredged to a depth of eight feet to allow large steamers to navigate. During the mid-1870s construction also began on the county's first railroad, a narrow-gauge line from Corpus Christi to Laredo. After its completion in 1881 a second line was begun, the San Antonio and Aransas Pass, which was completed in 1886 and extended from Corpus Christi to San Antonio.

The mid-1880s also witnessed the beginnings of cash-crop agriculture in Nueces County. During the late 1870s and early 1880s livestock raising in some areas of the county began to be supplanted by more traditional farming, particularly of cotton and vegetables. The growth of such farms began the breakup of the huge expanses of pastureland in the county and spelled the beginning of the end of the old cattle-ranching life. In 1889, 1,010 bales of cotton were produced; by 1910 the figure had grown to 8,566, and by 1930 Nueces County was among the leading cotton-producing counties in the state, with 148,442 bales (*see* COTTON CULTURE).

Although cotton was the dominant crop during the early decades of the twentieth century, Nueces County farmers also produced large quantities of vegetables, including cabbage, onions, spinach, carrots, cucumbers, and turnips. The transition to cash-crop farming brought dramatic changes in land tenure. While large ranchers had predominated during the antebellum and early postwar period, by the turn of the century the land was increasingly worked by tenant farmers. In 1910, when agriculture was still developing in the county, only 35.3 percent of farmers were tenants, below the statewide average of 52.6. By 1925, however, 76.4 percent of all Nueces County farmers were tenants. The majority of the leaseholders were Anglos, but much of the labor was performed by Mexican Americans who were poorly paid and frequently lived in poverty.

During the 1920s agricultural mechanization began in the county. Tractors and other machines appeared in increasing numbers, and by the eve of World War II Nueces County farms were among the most mechanized in the state. The onset of the Great Depression, falling cotton prices, and the arrival of the boll weevil brought new hardships for county farmers. Many were forced to move to the cities. The total number of farms in the county fell from a high of 1,969 in 1930 to 1,306 in 1950. Cotton production, which had peaked during the mid-1920s at more than 100,000 bales a year, fell markedly during the 1930s and early 1940s. In 1945, only 46,000 bales were ginned. Cotton farming rebounded in the late 1940s, and in 1949 production once again topped the 100,000-bale mark. Since that time cotton production has declined, though it remains a significant part of the county's agricultural receipts. Truck farming flourished in the 1950s, but was afterward increasingly replaced by sorghum, which in the 1980s and 1990s was the county's largest crop. The decline in cotton and truck farming in the post-World War II era also forced many tenant farmers to leave the land or to hire out as agricultural workers. In the 1980s the economic base of the county, outside of the Corpus Christi area, was still overwhelmingly agricultural. In 1982, 85 percent of the county was in farms and ranches, with 77 percent of the land under cultivation and 1 percent irrigated. Nueces County ranked twenty-ninth in the state in agricultural receipts, with some 87 percent coming from crops.

Another important sector of the Nueces County economy in the twentieth century has been oil and natural gas. In 1922 natural gas was discovered in Nueces County, and a few years later several major oilfields were developed. Gas-recycling plants and carbon black plants (*see* CARBON BLACK INDUSTRY), as well as oil refineries, are located in the county. Total oil production in the county from 1930 to January 1, 1989, was 533,831,701 barrels. Soda and salts of several varieties are produced from raw materials chiefly from Duval County. Other industries include a Celanese chemical plant and copper and lead refineries.

In 1926 the port of Corpus Christi was opened. The legislature made the port a state project by allocating the taxes from seven adjacent counties for the construction of breakwaters, jetties, and other ancillary improvements. The channel from the Gulf of Mexico to the turning basin is a part of the Gulf Intracoastal Waterway, which connects the port with cities of the Mississippi valley as well as with foreign markets and makes it potentially one of the chief ports of America. In 1935 the depth of the channel was increased to thirty-five feet so that large ships could be accommodated. The 1930s and 1940s also brought improvements in the transportation network of the county. By 1940 most of the major roads in the county were paved, and U.S. Highway 77 and State highways 44 and 286 had given farmers better access to markets.

The military importance of the area has been recognized since the time of the Mexican War, when Fort Marcy, the first federal post activated on Texas soil, was established. At one time Nueces County had five federal forts; Corpus Christi was a supply depot until 1857. On March 12, 1941, with the establishment of the Naval Air Station, Corpus Christi, the town became the home of the so-called "University of the Air."

Since World War I Nucces County has shown a remarkable growth in population, increasing from 22,807 residents in 1920 to 165,471 in 1950 and to 237,544 in 1970. In 1991 the reported population of the county was 296,527. Hispanics were about 50.5 percent of the population; non-Hispanic whites 44.1 percent, and African Americans 4.4 percent. The largest towns were Corpus Christi, Robstown, Port Aransas, and North San Pedro. During the early 1980s the county had thirteen school districts with sixty elementary, twenty middle, and fifteen high schools, as well as six special-education schools.

From the time of annexation to the 1950s, Nueces County remained solidly Democratic. Dwight D. Eisenhower won by a small margin in 1956, but Republicans otherwise failed to receive a majority of the county's votes until the election of 1972, when Richard Nixon defeated George McGovern, 41,682 to 33,277. Subsequently Democrats won the county in every presidential election except 1984, when Ronald Reagan outpolled Walter Mondale by a small margin.

The total number of businesses in the county in the early 1980s was 6,425. In 1980, 7 percent of workers were self-employed, 20 percent in professional or related services, 12 percent in manufacturing, 23 percent in wholesale or retail trade, and 10 percent in construction. In addition 5 percent were employed in other counties, and 14,911 retired workers lived in the county. Leading industries included tourism, agribusiness, general and heavy construction, oil and gas field services, meat packing, soft-drink bottling and canning, commercial printing, petroleum refining, ship building and repairing, and zinc refining. Also important were manufacturers of dairy products, bakery products, men's and women's clothing, plastics and resins, cement and ready-mix concrete, prefabricated metal buildings, oilfield machinery, and electronic components.

As of the 2010 census, Nueces County has a population of 340,223, making it the 13th most populated county in the state of Texas. As of July 2016, Nueces County is estimated to have grown to 361,350. In 2014, the port of Corpus Christi was the 6th largest port in the United States and third largest in Texas, with a total tonnage of 84.9 million tons. Three Oil Refineries, Valero Refining Company, Flint Hills Resources, and Citgo continue to have the highest taxable assessed value in Nueces County. The top four employers in Nueces County are the Corpus Christi Army Depot, Corpus Christi ISD, Christus Spohn Health System, and H.E.B. Grocery Co. Leading attractions in Nueces County include Padre Island National Seashore, Mustang Island State Park, the Texas State Aquarium, the Art Museum of South Texas, and the USS *Lexington*, a World War II aircraft carrier-museum in Corpus Christi Bay.

GENERAL FUND SUMMARY 2017/2018 FISCAL YEAR

COUNTY COMMISSIONERS

Each Commissioner is a member of the Commissioner's Court. Each has an equal vote, together with the County Judge, in deciding issues brought to the Court. Each Commissioner oversees their precinct interacting with citizens, other governmental agencies, and private entities to ensure the smooth operation of the precinct. A Commissioner is required to be knowledgeable of the statutes governing counties and must attend 16 hours of qualifying education each 12-month period.

Duties and Responsibilities

Sets the County's ad valorem tax rate and most county fees.

Approves County budgets and expenditures.

Issues debt of the County.

Builds and maintains County roads and bridges.

Builds, maintains and operates County facilities (buildings, parks, grounds).

Constructs and maintains County drainage.

Sets compensation of most county officials and employees.

Creates offices, boards, and commissions and appoints their members.

Enters into all contracts with vendors and other governmental agencies.

Holds general and special elections of the county.

Responsible for county redistricting and setting precinct boundaries.

Responsible for public health.

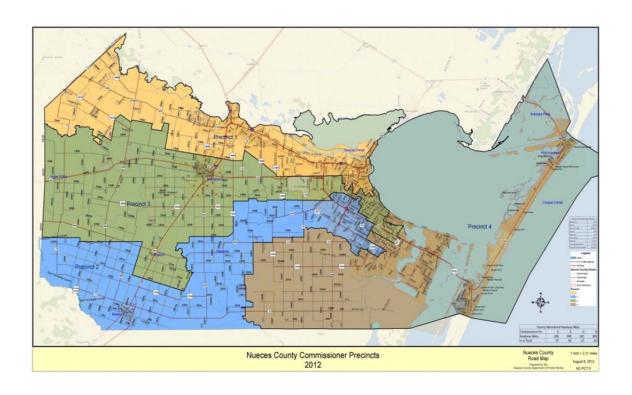

Responsible for indigent health care and legal representation.

Commissioner Pct. 1 Mike Pusley

Commissioner Pct. 2 Joe A. Gonzalez

Commissioner Pct. 3 John Marez

Commissioner Pct. 4 Brent Chesney

1122 GRANTS ADMINISTRATION

Nueces County Grants Administration Department seeks outside funds from various sources (mostly state and federal) to implement innovative approaches and pilot projects which initiate and/or expand County programs. The Grants Department serves as a resource to Commissioners Court and serves all County Departments in providing first-rate grant support and administrative services from the application phase through the implementation phase and eventual closeout.

Departmental goals and objectives for the 2017/2018 fiscal year:

- •Implement a grant contract document workflow plan for each grant.
- •Improve quarterly grants report.
- •Improve grant opportunity searches (both a short-term and long-term goal)

Departmental Long-Term goals and objectives identified for the 2017/2018 fiscal year:

- Revise Grants Administration Policy.
- Create a grants strategic plan for the entire County.

1190 ELECTIONS

To conduct Federal, State, County, City, and School District elections within the timeframe defined by statute. Ballots are prepared; election equipment and supplies furnished, and logistical and managerial components are coordinated by election staff. Polling locations, sample ballots are posted on the County's website: publishing's are done in compliance with election law. Ballots are tabulated and election results are released to the entities and the public in a timely manner. Early voting is conducted for personal appearance and absentee voting as prescribed by election law. Education and training are provided for citizens and voters in Nueces County that cover election law, voter registration polling place procedures, and the use of voting equipment. The preparation, maintenance and testing of each voting machine prior to use in an election is required by statute. The security management and tracking of all components is ever changing with new technology. The SOS has added additional security protocols to cover tracking aspects of the memory cards and voting machines through each election and through post-election duties. We have added an additional security layer by completing all coding for elections "in house".

1250 COUNTY AUDITOR

County Auditors are a vital part of the County Government Team and are a resource to each and every elected official and department head in county government. County Auditors play a part in a delicate system of constitutional checks and balances created to protect county funds. It is the integrity of county's financial administration that is entrusted to a dual control system of "checks and balances" amongst the multitude of elected and appointed officials. Effectively, County Government works together and is reflective of how officials perform their statutory duties while simultaneously maintaining those checks and balances.

BUILDINGS & FACILITIES DEPARTMENTS

The mission of the buildings and facilities departments (Operations, Maintenance, Interdepartmental Construction and Custodial) is to maintain building functions and operation. All County-owned buildings, facilities and grounds under its purview in a safe and efficient-operating working condition, provide a comfortable environment for its employees and ensure a presentable appearance to the public.

The building & facilities departments provide recommendations to Commissioners Court for infrastructure improvements and renovations to effectively accommodate growth of County services; we then manage development and complete approved projects. They maintain major building systems, perform required preventative maintenance, and supervise vendors for all mechanical, electrical, structural and plumbing requirements of County facilities. They develop improved operating methods and software for building controls and tracking systems and comply with warranty maintenance obligations for all operating facilities.

The building and facilities departments provide Custodial services that provide cleaning services distributes supplies and preforms light maintenance for several County buildings and associated facilities. They assist County departments with construction services to reduce reliance on outside vendors by overseeing and completing remolding jobs, and preforming minor plumbing and electrical work.

GOAL 1

Improve the condition and repair of all county buildings:

Objective 1: Utilize authorized staffing levels and equipment as efficiently as possible to maintain and improve costs to operate County buildings.

Objective 2: Upgrade skills and capability of personnel required to accomplish the objectives of the department.

GOAL 2

Identify upgrades to major building systems to increase reliability and minimize costs.

Objective 1: Incorporate Facility Maintenance staff recommendations and experience in identifying control systems to operate and maintain major building systems.

Objective 2: Identify building control systems for county buildings that demonstrate money savings for the County over the useful lives of the systems.

3200 LEGAL AID

The Corpus Christi Legal Aid office serves low-income Nueces County residents in need of free legal services.

Departmental Goals and Objectives for the 2017/2018 fiscal year:

TRLA provides high quality legal services to eligible individuals in Nueces County. With the County's support, we hope to both sustain and enhance our level of services, focusing our efforts on such fragile populations as veterans, victims of domestic violence, and the elderly.

TRLA will continue to refine its delivery system and undertake initiatives designed to maximize limited resources and enhance the delivery of high quality legal services to eligible clients. Such initiatives include collaboration (e.g. the Nueces County Attorney's office, the Women's Shelter, the area's Disaster Assistance task force), special projects (specialized rural clinics, assisted pro se dockets in Nueces County, volunteer attorney involvement), and innovation (online and onsite intake, eFiling).

3530 DISTRICT CLERK

The District Clerk provides support staff for the District Courts and the County Courts at Law, and works with the Judges to obtain timely disposition of all court cases. The Clerk is Registrar, Recorder and Custodian of all documents that are part of criminal and civil actions. The District Clerk receives documents for filing and processing in all court cases. The District Clerk maintains the official court records and must mark the exact date and time of receipt, issue papers during the life of a case and for many years after a case is final. Most court records are public information. The district clerk is responsible for managing records so that they are easily retrieved for public information; preserved for permanent storage in archives; and disposed of according to law. The District Clerk also acts as the officer in charge of the jury selection process to determine the number of potential jurors required to begin a trial, send summons to jurors, process jurors on trial days and act as liason between jurors, all county, district and justice of the peace courts, and employers.

JUSTICE OF THE PEACE

Serve the citizens of Nueces County by impartially applying the law to the case at hand. Provide an efficient and convenient forum to resolve alleged Class C Misdemeanor violations as well as civil matters, within the Court's jurisdiction. Comply with records management retention responsibilities in additional to all financial and court related reporting requirements. In cases of unattended deaths, accurately and efficiently with due consideration to all parties, ascertain the cause of death and whether an autopsy is necessary to assist in this determination.

3520 DISTRICT ATTORNEY

The Criminal District Attorney's mission is to pursue justice and protect the community. The Criminal District Attorney ("District Attorney") and his staff represent the State of Texas in all criminal prosecutions in Nueces County. They exercise that authority and discharge those responsibilities granted to the District Attorney by Texas law (including the Constitution of the State of Texas, Texas Code of Criminal Procedure, Texas Local Government Code, and many others). As an administrator of justice and advocate for the rule of law, the District Attorney employs those of the highest integrity, skill, and courage

CONSTABLES

Constables and their deputies have all the powers and responsibilities of any peace officer in the State. They may write tickets, make arrest, conduct investigations and file criminal charges. They have additional enforcement responsibilities the regular street police officers are not charged with. They are also responsible for serving and executing Civil Process and Civil Court orders and Warrants as well. Civil law is often more technical then criminal law; it requires additional training in specialized schools that the Constable and Deputies take annually.

4195 HILLTOP COMMUNITY SERVICES

The Community Center provides satellite offices for the Nueces County Commissioner for Precinct 1. This allows the commissioner to serve the constituents in the Precinct 1 area without having to travel to the courthouse. The "Pass it On" Calallen Group allows for the Alcoholics Anonymous to conduct meetings twice a day/seven days a week for the public in the area needing their assistance with their addictions.

Departmental goals and objectives for the 2017/2018 fiscal year:

- 1. To be able to start using receipt books that pertains to the type of everyday business conducted here.
- 2. To be able to start managing all deposits through the Quicken books that other departments use.
- 3. To be able to accept credit card transactions as a payment method.
- 4. To enable the public to view our community Center rental information and classes being offered on line.
- 5. Work on a plan to be able to notify people using the facility in case of emergency. We currently have a fire alarm, but we need a way to communicate with everyone without having to go knocking on doors because this is a large facility and also for the people using the outdoor facilities.

Departmental long-term goals for each of the objectives identified:

- 1. Re-organize with the Historical Society and the Junior Historians, the Pioneer Days.
- 2. Have community events for the public/seniors in the area.
- 3. Have health fairs.
- 4. Have more activities/education classes for children.

5200 911 PROGRAM

9-1-1 has been designated the Universal Emergency Number for the public to request emergency assistance. This system was created to provide a quick response by police, fire, medical, and other emergency services. Nueces County Department of Public Works is charged with establishing and maintaining a uniform addressing system for the rural areas of Nueces County. This is accomplished by assigning address numbers to the various properties, collecting occupant information, and providing updates of the address information to the public safety answering point.

Nueces County, Texas Adopted Budget FY 2017/2018

Special Revenue Funds

Road & Bridge Fund

ROAD AND BRIDGES, ENGINEERING REVENUE

The county road department, under the direction of a county road engineer, is responsible for the construction and maintenance of county roads and bridges, with the Commissioners Court as the policy-making body. The Nueces County road system includes over 700 miles of roads and 80 bridges. The main Road and Bridge administrative office is located at the County Courthouse facility as well as other maintenance offices throughout the county. The road and bridge fund is the primary fund used to account for activities that affect county-owned roads, including construction, operations and maintenance, and road right of ways. The engineering department provides civil engineering services to Nueces County and is also located within this fund, however all expenses are reimbursed 100% by transfer from the general fund.

Stadium & Fairgrounds Fund

0140 STADIUM

The stadium has an elevated concourse, with a convenient home-plate portal leading between the outer shell and the inner concourse. Fans may also walk around the outside of the luxury box and press box building. The seating bowl is in two levels, with a cross aisle dividing the lower box seats from the upper reserved seats. Seating does not extend all the way down the foul lines, but grass berms are provided at each end of the stands.

0141 FAIRGROUNDS

The fairgrounds are managed by Global Spectrum. Event activity at the Fairgrounds continues to grow every year in bringing a wide variety of shows that occur such as consumer shows, tradeshows, corporate meetings, fundraising banquets, weddings, quinceañeras, parties, horse events, sporting events, and other special types of events.

The fairgrounds includes a central pavilion arena, two exhibit halls, a conference center, an equestrian center, and a meadow; the facility can be used for rodeos, livestock shows, boxing, wrestling, concerts, and trade shows, and a number of other types of events. The fairgrounds is home to the Nueces County Junior Livestock Shows and Rodeo and will host many upcoming events as the years continue, including the Coastal Bend Boat and Outdoor Show, the Gulf Coast Gem and Mineral Show, the Texas A&M University-Kingsville College Rodeo, and the American Cancer Society Cattle Barons Ball. The Richard M. Borchard Regional Fairgrounds provides varied opportunities for Nueces County residents and serves as a place for the community to gather and share experiences.

AIRPORT FUND APPROPRIATIONS 2017/2018 FISCAL YEAR

0160 NUECES COUNTY AIRPORT

Nueces County owns and operates a general aviation airport, located southwest of the City of Robstown, which provides access for single and light twin-engine aircraft. The airport is supported by one runway oriented in a northwest / southeast manner with taxiway turnarounds at each end. Refer to the Texas Aviation Directory for a complete listing of Texas airports.

Departmental goals and objectives for the 2017/2018 fiscal year:

Work on airport plan of expanding 3700 ft runway to 5000+ ft in the next year.

Work on developing final CIP for airport terminal building.

Work on construction 35 additional T-hangers.

Work on additional construction of 2 - 4,100 sq ft community and/or maintenance hangers.

Departmental long-term goals with timeframes for each objective:

To complete all above goals in 18 to 36 months. This should prepare airport for the next 30 years.

Coastal Parks Fund

COASTAL PARKS

The Coastal Parks currently operates two main camp grounds - the Padre Balli Park and the I.B. Magee Beach Park.

Padre Island

Padre Balli Park is located on Padre Island. Padre Island is beachfront park providing beach access for gulf waters and beachfront activities, recreational vehicle and camping access. Bob Hall Pier provides access for fishing, bait and tackle for purchase and rent, and concessions for visitors. The pier also helps to generate favorable conditions for surfing year-around.

Briscoe King Pavilion is available for daily public rental for gatherings. The facility has water, power, barbeque pits, and restrooms and is served by a paved parking area.

0131 RECORDS IMAGING PROJECT

This Special Fund is designated to account for the County's statutory document preservation and records management requirement as per the Texas Government Code Section 51. Revenue funding is provided by the collection of Clerks of the County's records preservation fees as approved by Commissioners Court. This department funds the operation of Nueces County information technology management of imaging records, documents and retention.

Departmental Goals and Objectives for the 2017/2018 fiscal year:

Continue scanning of minutes of disposed cases for the courts
Continue scanning of civil and criminal records for cases during the past 20 Years
Assist the District Clerk in correcting case information, such as case number, plaintiffs, and defendants
Correct filing errors and mistakes in the filing and labeling process by past district clerks
Perform quality assurance and correction of documents scanned within the district clerk's office
Review cases and update information to correct clerical errors

Departmental Long-term goals for objectives identified:

The long term goal would be to image and preserve every case record with a permanent retention. The scanning of historical records would be another long term goal not currently addressed. Provide documents that would be available to the public for review and download.

1304 COUNTY RECORDS MANAGEMENT

This Special Fund is supported by fees collected by the District and County Clerks for filing documents (other than those for which the County Clerk records management fee is collected) and expended only for approved records management, resources and automation projects as directed by the County Judge and approved by Commissioners Court.

Departmental Goals and Objectives for the 2017/2018 fiscal year:

Continue with the management of records for the county offices.

Retrieve, file review, and provide record copies to the district clerk, courts, and public.

Destroy records that have met or exceeded the retention dates as set by the department head or the Texas State Library and Archives Commission.

Assist departments in the proper cataloging and labeling of boxes for storage.

Organize and insure all records and files are properly filed by case number or by type of document

Departmental Long-term goals for objective identified:

The ultimate goal would be to destroy all of the expired records in the warehouse, but this will require many years of effort due to departments retaining records past retention dates.

The relocation and reorganization of records is an ongoing effort as new records are added to the warehouse and others are destroyed this will only be reduced at the time the records are committed to electronic images and/or destroyed.

Departments currently have a lot of records stored within the departments, and most of these records need to be either stored on the 6th floor moved to the warehouse. This currently is a problem caused by lack of storage at the warehouse.

1306 DRUG COURT FEES

Drug courts were designed to provide court-supervised treatment as an alternative to traditional criminal sanctions. The drug courts assume that a combination of judicial monitoring and supervised treatment can be more effective in reducing drug usage and crime than treatment or judicial sanctions operating separately. This department fund accounts for participation fees paid by defendants required to maintain testing throughout their probation period, and the expenditures for the program. This Special Fund is under the supervision of County Judge and; or as approved by Commissioners Court.

NOTE 1: Appropriations cannot be expended until compliant with GC 51.305 (f) which states: The district clerk in a county that adopts a fee under this section shall prepare an annual written plan for the preservation and restoration of the district court records archive. The plan may include a proposal for entering into a contract with another person for preservation and restoration services. The commissioners court shall publish notice of a public hearing on the plan in a newspaper of general circulation in the county not later than the 15th day before the date of the hearing. After the public hearing, the plan shall be considered for approval by commissioners court. Money in the district court records technology fund may be expended only as provided by the plan. All expenditures from the records technology fund must comply with Subchapter C, Chp. 262, Local Government Code.

1393 PRISON CONTRACT (GEO)

In 2004, the IAH Public Facility Corporation was formed pursuant to The Public Facility Corporation Act Chapter 303 of the Texas Local Government Code for the purpose of financing eligible criminal detention facilities for the County. The GEO Correction Services was contracted as the operator for Immigration and Customs Enforcement (ICE), the US Marshals Service, and. Bureau of Prisons. GEO entered into an agreement with Nueces County to provide housing facilities services for County inmates. GEO is paid a fixed fee for each detainee and, in turn, pays the County a per diem portion. This department funds supports the pass through with Federal Marshall disbursements, GEO service payments and County's revenue portion under the County Sheriff's management.

1318 JJAEP SCHOOL OPERATING

JJAEP is a mandated program which provides services to youth who were expelled from public school for serious school-related law violations for which the youth was subsequently placed on probation. The Nueces County JJAEP contracts various local independent school districts to provide services to students who are expelled for serious and persistent misbehavior by the district.

The JJAEP provides a year-round program of academic, behavioral, therapeutic and support services to assist youth who are expelled from public school. The program also offers training and support to families in the areas of communication skills, problem solving, conflict resolution, daily living skills, and other issues in aid of helping a youth to be more successful in educational activities.

1324 INMATE COMMISSARY

The jail facility has an inmate commissary to sell such items as candy, toilet articles, etc. Keefe Commissary manages the commissary. Commission revenues deposited in the Inmate Benefit Fund are used for the benefit and welfare of the inmates confined in this jail. Such expenditures may include television sets, radios, recreation equipment, etc. While an inmate is incarcerated, they are provided with hygiene kits for the duration of their stay as long as they have no money to purchase these items from the commissary themselves.

1351 Children's Christmas Appeal	
1386 Human Services Donations	301

NUECES COUNTY SPECIAL REVENUE FUNDS 2017/2018 FISCAL YEAR SOCIAL SERVICES FUND

1350 CBCF/TXU/EFSP

Coastal Bend Community Foundation Program (CBCF): Is operated through Nueces County department of Human Services each year upon renewal of grants by the Foundation. Grants are awarded on a competitive basis after a proposal is submitted to CBCF. Funds are mainly designated for special needs of the elderly.

TXU Energy Aid Program (TXU): A program established by TXU Energy that is funded by voluntary contributions from TXU, its customers, employees and third parties. TXU collects and distributes an allocation of the funds to its partner agencies to assist low income TXU customers with their bill.

Emergency Food and Shelter Program (EFSP): Is administered annually by Nueces County Department of Human Services as Federal funding is awarded to local jurisdictions. The amount of funding received by the department is determined at a local board meeting of participating agencies. The amounts vary from year to year. Funds from the EFSP program are used in place of general funds for food, rent, and utilities.

Departmental Goals and Objectives for 2017/2018 fiscal year:

We will continue to apply for funds from CBCF, TXU and EFSP and assist our clients according to the parameters of our agreements.

Departmental Long-term Goals and Objectives:

We look forward to a continued collaboration with our partners to help low income residents of our community.

NUECES COUNTY SPECIAL REVENUE FUNDS 2017/2018 FISCAL YEAR SOCIAL SERVICES FUND

1351 CHILDRENS CHRISTMAS APPEAL

Every Year Nueces County Department of Human Services conducts the Children's Christmas appeal program in cooperation with the Corpus Christi Caller-Times through stories printed in the paper. The Caller-Times solicits funds from the community for needy children. NCDHS and other community agencies furnish stories to the Caller-Times about our most needy clients with young children. These clients must be willing to be interviewed by a reporter. If their story is printed in the newspaper, donations may be offered from the community to the family and the social worker may be responsible for coordinating donations. Social workers are required to make a home visit prior to submitting a story to the Caller-Times. The purpose of this home visit is to obtain written consent from the parents, assess the family's needs and living situation, and to complete a wish list for the children. Families not selected for stories may be assisted with a Christmas gift card.

Departmental Goals and Objectives for the 2017/2018 fiscal year

We begin planning for Christmas Appeal in late September so that we have stories submitted in October when the Caller-Times calls a meeting. We begin distribution of funds usually at the first of December for approximately 3 weeks.

Departmental long-term goals with timeframes

Funding for Christmas Appeal is determined by donations. We look forward to a continued collaboration with the Caller-Times to help needy children in the community.

SELF INSURANCE FUND 2017/2018 FISCAL YEAR

0101 WORKERS COMPENSATION

Workers' compensation covers the cost of medical expenses and lost wages for workers who are injured in the course and scope of their duties. Examples of work-related injuries include ankle sprains and back and shoulder sprains. By law, employers are liable for these costs when an employee is hurt on the job. The county uses the Texas Association of Counties Risk Management Pool (RMP) to finance these risks:

ORDER OF THE NUECES COUNTY COMMISSIONERS COURT AFFECTING BUDGET AUTHORITY FOR EMPLOYEE POSITIONS

This order applies to and affects all employees who are authorized (1) by the Commissioners Court under the authority of Subsection 152.011, Local Government Code, Vernon's Texas Codes, or other authority of the Commissioners Court to set compensation and control the Annual Budget and (2) all employees who are authorized in the 2017/2018 County Budget, except (3) it does not apply to employees over which the Commissioners Court has no authority to set compensation.

IT IS THEREFORE ORDERED for each employee position that is vacant as of October 1, 2017, or that becomes vacant on October 1, 2017, or thereafter during Budget Year 2017/2018:

No official shall hire or fill an employee position that is vacant unless authorized by the Commissioners Court.

No salary, allowance, or other compensation shall be paid (except for those employees who are on the payroll as of October 1, 2017) unless specifically authorized or ratified by the Commissioners Court.

The salary and fringe benefits for each vacant employee position may be transferred by the Commissioners Court to a special reserve designated by the County Auditor. The authority and funds provided by this Budget are frozen for each vacant position until released and reinstated by the Commissioners Court.

SIGNED AND ENTERED this the 13th day of September, 2017.

COMMISSIONERS COURT RESOLUTION REGARDING COUNTY INTERFUND LOANS

WHEREAS, a number of the grants awarded to the County are reimbursement grants, requiring the County to expend county monies before getting access to the grant funds;

WHEREAS, the Commissioners Court from time to time may need to fund grant projects in the interim before being reimbursed with grant funds;

WHEREAS, the funding of these grant projects can be accomplished through a short-term County interfund loan, i.e. loaning monies from the General Fund to the Grants Operating Fund until grant funding is received; and

WHEREAS, for purposes of this resolution a short-term interfund loan is meant to refer to credit/debit accounting entries in the County's balance sheet between two County funds; and is not meant to indicate a traditional loan, wherein interest may be accrued.

NOW THEREFORE, BE IT RESOLVED BY THE COMMISSIONERS COURT OF NUECES COUNTY, TEXAS, that monies from the County's general fund up to a maximum of two million dollars (\$2,000,000.00) may be used to provide the County's Grant Operating Fund with a short-term interfund loan pending receipt of applicable grant funds. Upon receipt of grant funds the County's General Fund will be immediately credited monies received.

This order is effective on October 1, 2017, and applies to grant funding necessary during Budget Year 2017-2018.

COMMISSIONERS COURT ORDER CREATING A FAMILY PROTECTION FUND AND ASSESSING A FEE TO BE COLLECTED AT THE TIME OF FILING OF SUITS FOR DISSOLUTION OF MARRIAGE PURSUANT TO SECTION 51.961 OF THE TEXAS GOVERNMENT CODE

WHEREAS, the 78th Legislature by Acts 2003, Ch. 198 Section 2.165 (a), effective September 1, 2003 passed a Law entitled "Family Protection Fee", now codified in Section 51.961 of the Texas Government Code; and

WHEREAS, this Law authorizes the Commissioners Courts of the State of Texas to create Family protection fund and assess a fee not to exceed \$15 when a suit for dissolution of marriage case is filed. Said fee is in addition to any other fee collected by the District Clerk or County Clerk; and

WHEREAS, the Clerk may not collect a fee under Section 51.961 of the Texas Government Code from a person who is protected by an order issued under Subtitle B, Title 4, Family Code, or Article 17.292 of the Code of Criminal Procedure; and

WHEREAS, the Commissioners Courts of the State of Texas may use this "Family Protection Fund" only to fund a service provider located in that county or in an adjacent county; and

WHEREAS, the Commissioners Courts of the State of Texas may fund the service provider, a non-profit organization that provides services of family violence prevention, intervention, mental health, counseling, legal, and marriage preservation services to families that are at risk of experiencing or that have experienced family violence or the abuse or neglect of a child; and

NOW, THEREFORE, BE IT ORDERED, BY THE COMMISSIONERS COURT OF NUECES COUNTY, TEXAS that for Budget Year 2017-2018 a "Family Protection Fee" of \$15 will continue to be assessed for the filing of a suit of dissolution of marriage. This fee may not be collected from a person that is protected by a Protective Order or Magistrate Order.

DULY adopted by vote of the Commissioners-Court of Nucces County, Texas, on the 13th day of September, 2017.

Bonds issued under the Texas General Laws have, in addition to the debt limit of 5 percent of assessed value of all taxable property, a constitutional limit on the tax rate which may be levied to service general law bonds and provide funds for the general operations of the County. This limit for Nueces County is \$.80 annually on the \$100 assessed valuation plus a levy of \$.15 annually for the maintenance of public roads.

Article VIII, Section 9 of the Texas Constitution, as amended, specified that the Commissioners Court "shall levy whatever tax rate may be needed for the four (4) constitutional purposes; namely, general fund, permanent improvement fund, road and bridge fund and jury fund so long as the Court does not impair any outstanding bonds or other obligations and so long as the total of the foregoing tax levies does not exceed Eighty Cents (\$.80) on the One Hundred Dollars (\$100) valuation in any one (1) year."

Notes: Excludes applicable exemptions.

(1) Include General Obligation Bonds Net of Premium on related debt and Certificates of Obligation and Energy Conservation Loans.

Glossary of Terms

Account: Financial reporting unit for budget, management or accounting purposes.

Accounting System: The total set of records and procedures, which are used to record, classify, and report information on the financial status and operations of an entity.

Accrual: The recognition of a transaction at the time it occurs, as opposed to when cash is spent or received.

Accrual Basis: The basis of accounting in which transactions are recognized at the time they are incurred, as opposed to when cash is received or spent.

Activity: A specific unit of work or service.

Ad Valorem Taxes: Commonly referred to as property taxes, are levied on both real and personal property according to the property's valuation and the tax rate.

Appropriation: An authorization made by the Commissioners Court, which allows officials to incur obligations and make expenditures of governmental resources. An appropriation is typically granted for periods of one year and specified for fixed amounts.

Assessed Valuation: An estimated value placed upon real and personal property by the appraisal district as the basis for levying property taxes.

Assets: Property owned by the County, which has monetary value.

Audit: A systematic examination of resource utilization. The audit is a test of management's internal accounting controls and is intended to verify financial positions and the legality of transactions; to identify improvements in accounting systems and accuracy and consistency of transactions; and to certify the stewardship of officials responsible for governmental funds.

Authorized Positions: All positions authorized by the Commissioners Court for each office and department. This includes both full time and part time positions.

Available Fund Balance: The cash remaining from the prior year, which is available for appropriation and expenditure in the current year.

Balanced Budget: A balanced budget is when there is neither a budget deficit nor a budget surplus, when revenues equal expenditures. The County operates on a balanced budget.

Base Budget: Ongoing expense for personnel and maintenance and operations required to maintain service levels previously authorized by the Commissioners Court.

Bond: Bonds are used as long-term debt instruments to pay for capital expenditures. A bond is a written promise to pay a specified sum of money (principal) at a specific future date (maturity data), as well as periodic interest paid at a specified percentage of the principal (interest rate).

Bond Rating: The credit-worthiness of a government as evaluated by independent agencies.

Bond Refinancing: The payoff and re-issuance of bonds to obtain better interest rates and bond conditions.

Budget (Operating): A financial operation plan consisting of an estimate of proposed expenditures for a fiscal year and an estimate of proposed revenues. The term is also used to identify the officially approved expenditure levels under which the County and its offices and departments operate.

Budget Calendar: The schedule of key or target dates, which the County follows in the preparation and adoption of the budget.

Budget Categories – The accumulation of line items of similar use into broader groups to allow more efficient management of the budget by office holders or department managers. In our budget scheme, the categories are:

Salaries & Supplements Costs
Employee Benefits Costs
Office Expense & Supplies Costs
Telephone & Utilities Costs
Maintenance & Repair Costs
Professional Services Costs
Other Services & Charges Costs
Capital Outlay Costs

Within categories, with some exceptions, a manager may transfer money from one account to another without court approval.

Budget Document: The instrument used by the Budget Officer to present a comprehensive financial program to Commissioners Court.

Capital Assets (Fixed Assets): Assets of significant value, which have a useful life of several years.

Capital Budget: A plan of proposed capital expenditures and the means of financing the proposals. The capital budget is based on a Capital Improvement Program.

Capital: The expenditure group used to fund capital outlay purchases such as furniture, computers, vehicles and kitchen and laundry equipment. Purchases made from the capital expenditures group become fixed assets of the County.

Capital Improvement Program (CIP): A multi-year plan for capital expenditures which sets forth each proposed capital project identifies the expected beginning and ending date for each project, the amount to be expended each year, and the method of financing each capital project.

Capital Outlays (Capital Expenditures): Expenditures for the acquisition of fixed assets, which have a value of \$5,000 or more and have a useful economic lifetime of more than one year. This includes the cost of land, buildings, permanent improvements, machinery, large tools, and equipment.

Capital Project: Major construction, acquisition, or renovation activities which add value to a government's physical assets or significantly increase their useful life. This is also called capital improvements.

Chapter 59 Forfeiture: Property that is contraband is subject to seizure and forfeiture that have been awarded to the governmental agency by the judicial system under Texas Code of Criminal Procedures, Chapter 59 – Forfeiture of Contraband.

Commodities: Items of expenditure, which, after use, are consumed or show a material change in their physical condition. Commodities are generally of limited value and are characterized by rapid depreciation (i.e. office supplies, motor fuel, etc.).

Contingency: A budgetary reserve set aside for emergencies or unforeseen expenditures.

Contributed Capital: In business type activities, this includes the directly purchased equity investments made into the company.

Current Taxes: Taxes that are levied and due within one year.

Debt Service: The obligation to pay the principal and interest of all bonds and other debt instruments according to a predetermined payment schedule.

Delinquent Taxes: Taxes, which are unpaid after the due date, in which a penalty is assessed for non-payment.

Department: A major administrative division of the County, which indicates overall management responsibility for the operation of a group of related functions.
