Honorable Mike Pusley, Commissioner Precinct 1

Honorable Oscar Ortiz, Commissioner Precinct 3  
Honorable H.C. "Chuck" Cazalas, Commissioner Precinct 4

Ladies and Gentlemen:

As adopted by the Commissioners Court on August 25, 2010, the Nueces County budget for 2010/2011 fiscal year is herein submitted. Under the leadership of County Judge Loyd Neal and county commissioners Mike Pusley, Betty Jean Longoria, Oscar Ortiz and Chuck Cazalas, the commissioners court is continuing the plan created three years ago to make county government: (1) more transparent; (2) have attainable and realistic budgets to enhance accountability; (3) recognize employee service and dedication by funding the continuance pay policy for the third year in a row, and (4) make county government more efficient and effective by establishing procedures that are in compliance with statutory requirements and utilizing technology to maximize performance.

Significant items included in this budget are:

- This budget contains a true tax decrease. Commissioners court adopted the same tax rate as the 2009/2010 tax rate of .355295 per \$100 value. As compared to the effective tax rate of .373615; the adopted tax rate is lower by 4.9131%. The separate components are: general fund operating .291536, road fund operating .004329 and debt service .059394.
- For the first time in 17 years, property valuations have dropped. Excluding property values that are subject to a tax ceiling (available to taxpayers 65 years old and older) and using the "lower" valuations for property under protest, the total net taxable value (NTV) is \$17.738 billion. Last year the NTV was \$18.543 billion. The loss in value of \$805.1 million was approximately 4.34%.

- Several changes were made to the county's general fund revenue budget. First the budget for property tax revenues, in the general fund, was reduced by \$2.121 million as a result of not adopting the effective tax rate. There is an inverse relationship between the effective tax rate and property values. When property values go up, the effective tax rate goes down. Just the opposite happens to the effective tax rate when property values go down. When property values go down as they did this year, the effective tax rate goes up there by producing the same amount of property tax revenue for the governmental entity. This calculation is state regulated and it is used to measure whether property tax revenues are being increased or decreased from the governmental entity's perspective. This calculation is known as Truth-In-Taxation published by the Texas State Comptroller's office.

Accordingly, since the tax rate adopted this year was less than the effective tax rate, the adopted tax rate reflects a true tax decrease. This tax decrease was unanimously approved by the Nueces County Commissioners Court due to the current economic environment.

The budget for fines and forfeitures was reduced by \$390,000. Half of this is probably due to "slower payers." The other half is going toward a new pre-trial diversion program that was started. This revenue category will be monitored closely throughout the year to see whether there will be further decline in the collection of fines and if that is offset by an increase in the fees charged by this new program. Please see the section *Budget Detail of the Operating Funds Group by Fund* under general fund for further information. Specifically, transfers have been budgeted for the pre-trial diversion program to reimburse the general fund for operating costs of the program paid for by the general fund.

The budget for housing of federal inmates and juveniles was increased by \$580,000. The county has completed major improvements to the jail and annex to bring the facility into compliance with federal marshal standards. The county anticipates the facility to be recertified and budgeted \$300,000 for housing 30 federal inmates for six months. The remaining \$280,000 increase in revenues came from other neighboring counties for juvenile placement in the Nueces county boot camp facility.

In other areas the revenue budgets were adjusted to come closer to historical trends. For example, the interest income budget was adjusted down (again) by \$255,000 to reflect actual anticipated returns and intergovernmental revenues was increased by \$257,719. The history of intergovernmental revenues shows the budget has been slightly understated.

All other operating revenues reflect consistency as compared to prior years. Overall, the revenue budget is expected to have favorable performance and actual revenue is projected to be over 100% of the budget.

- Total combined appropriations are budgeted \$5,422,739 more than the previous year. Appropriations for operations and debt service are more than the prior year by \$1,208,996 or 1.26% higher. Operating costs increased for (1) continuance pay, 2 ½% step increase for those employees and elected officials attaining three years of continued service totaling \$397,036 plus benefits; (2) law enforcement pay increases in the amount of \$203,128 plus benefits in accordance with a collective bargaining agreement; (3) longevity pay along with the related payroll costs added \$35,223; (4) indigent defense costs added \$298,220; and (5) higher information technology costs for maintaining communication data lines and software maintenance. Additionally, no employees were laid off, employee position changes resulted in a net decrease of four positions, and health insurance premiums stayed the same as last year for both the employer and employee. Overall, appropriations were contained with only a 1.26% increase and actual performance is projected to come in under budget.
- Commissioners court approved an agreement with the State of Texas to borrow \$7.9 million to make energy efficiency improvements throughout the county. The entire principal is guaranteed to be paid back with energy cost savings.

### **2010-11 Budget Summary**

Net property tax valuations have steadily increased the past seventeen years and as of January 1, 2010 valuations are lower by approximately 4.34% for a total net taxable valuation of \$18.534 billion. Most of the lower valuations are reflected in residential properties. New growth was still substantial at \$242.463 million. For further information on property valuations for the past fifteen years see the schedules that begin on page 459.

Total revenues for all funds are budgeted \$126.13 million. Compared to the 2009-10 Budget of \$119.76 million as shown on the *Condensed County Budgets* table as follows, the revenues are higher by \$6.37 million or 5.32%. Total resources available in this budget are \$199.32 million. The prior year budget had \$195.03 million total available resources. Total available resources include beginning fund balances, revenues, and transfers in. It is estimated that the county will begin this fiscal year with \$64.54 million in fund balances – all funds. By law the total of budget allocations cannot exceed the total of resources available. Again, for fiscal year 2010-11 the total resources available are \$199.32 million.

The total appropriations budget, excluding transfers out, for all funds total \$167.97 million, up by \$5.56 million or 3.42% as compared to the 2009-10 budget of \$162.41 million. Grand total FY 10/11 allocations, which include transfers out and ending fund balances for all funds, is \$199.32 million, an increase of \$4.29 million as compared to FY 09-10. Budgeted ending fund balances are \$22.70 million, a slight decrease of 2.45% compared to last year. In summary, resources available were allocated toward appropriations and ending fund balances in such a way that appropriations will cover the anticipated higher costs, and most importantly the county will end the new fiscal year with fund balances intact per policy and keeping its current strong position.

Revenues show an increase of \$6.37 million as shown on the *Change in Revenue Budgets All Funds (FY 10/11 to FY 09/10)* on the next page. This net increase is due to the new energy savings capital project because operating revenues decreased by \$1.85 million, or stated as a percent, decreased by 2.39%.

Total Revenues \$	119.76	126.13	6.37

The decrease in revenues affecting the operating funds and debt service stem from mainly two areas: The cut in the property tax rate explains reduced revenues in the general fund and debt service fund. In the road and bridge fund however, the reduced revenues are due to a decline in motor vehicle sales tax commission and a budget adjustment related to investment income. We view the decline in motor vehicle sales tax commission as a temporary condition and is entirely due to the economy because the number of motor vehicle registrations is relatively the same. It is just the sales of motor vehicles that are down.

Capital projects show an increase in revenues for the new energy savings project explained earlier. More specific details are presented later on in this report under the capital projects section.

Grant income is budgeted higher for grant applications the county is anticipating to be approved for outdoor recreation park improvements.

As a whole and even when reviewed at a micro level (save for one or two items), the revenues are unchanged from the previous year which is an excellent position to be in considering the current economic times. As a reminder, the lower property tax revenues are due to a “true” tax cut approved by commissioners court to keep the local economy out of harm’s way.

In the table, *Change in Appropriations Budgets – All Funds (FY 10/11 to FY 09/10)*, it shows \$5.56 million more appropriations over last year. This increase equates to approximately a 3.42% increase. The operating funds show an increase of \$1.59 million or by percent, a 1.86% increase.

Appropriations are further discussed by expenditure type later in this report. Looking at the big picture then: the operating appropriations budget reflects a 1.86% increase. Comparing this increase of 1.86% to two consumer price indices the appropriations budget is lower than the CPI for the US southern urban areas, but slightly higher than the US city urban CPI. The increase in the CPI of all items in the south urban area using the average of the first half of 2009 and 2010 is 2.15%. Compared to the change in CPI of U.S. city urban consumers, all items, for the month July 2009 to July 2010, the increase in the budget is slightly higher than the 1.24% increase in CPI. In summary, these comparisons provide the assurance and confidence that this budget can be used as a basis for controlling expenditures for the new fiscal year.

## Revenues by Fund Group

### **Operating Funds**

There are seven governmental funds which the county refers to as operating funds, of which, the general fund is the largest and the main operating fund. The operating funds are listed on the *Summary of Projected Fund Balances for 2010/2011 Budget*, page 18.

The proportion of property tax revenue including penalties and interest on delinquent collections as a percent of total revenues (operating funds only) has been inching forward and becoming a larger component of total revenues until this new budget year as shown below.

	Property Tax Revenue (millions)	% Tax Revenue of Total Revenue	Total Revenue
Actual FY 07/08	\$50.39	68.52%	\$73.55
Actual FY 08/09	\$55.18	69.80%	\$79.06
Estimated Actual FY 09/10	\$55.94	72.38%	\$77.29
Budget FY 10/11	\$54.24	71.74%	\$75.61

Current property taxes are budgeted using a 95.0% collection rate. The actual collection rate is higher, but a portion of collections is committed to a tax increment financing zone and deferred payment plans. Please see schedules in the back of this book on property valuations and effective tax rates for further information.

The revenue budget for the operating funds decreased by a net amount of \$1,857,042. Property tax revenues decreased by \$2.12 million in the general fund as previously mentioned due to a lower tax rate. Revenues from property taxes can only increase in two ways: (1) an increase in the tax rate as defined by Truth-In-Taxation or (2) the community experiences new construction from either the commercial or residential sectors. This year's tax rate, as reduced, will be the starting point in the calculation of the effective tax rate next year. Considering the predominate reliance on property tax revenues for funding operations and that reductions in property tax rates automatically carry forward unless there is a tax rate increase, this year's budgetary performance will have a significant influence on setting next year's tax rate.

Overall, the operating revenues reflect solid and continued stability, but the impact of lower tax revenue may be the first concern at the beginning of next fiscal year if the economy does not pick up.

### **Debt Service Fund**

Property taxes are separately levied to meet debt service requirements. The only other revenue source is investment income, which is minimal. The tax rate was set at .059394 the same as last year to generate \$10,378,460 in current taxes to meet debt service requirements that total \$10,461,547 leaving a budgeted ending fund balance of \$4,044,254.

### **Capital Projects Fund**

The capital projects fund is reported along with the other budgets, but officially is not part of the annual budget adopted by commissioners court. Instead project length budgets are adopted separately. Projects that are in progress are budgeted at \$151.95 million, an increase of 2.72 million over last year. Most of this increase is due to the new energy improvement project totaling \$7.9 million.

### **Other Funds**

There are three funds categorized as other funds: the special revenue fund, grant fund and the self-insurance fund. These funds are not considered as operating funds because their use is restricted due to legislation, contractual agreements or commissioners court action. In addition, much of the funding recorded in the special revenues fund and grants fund is precarious and therefore not suitable for financing ongoing operations.

The special revenues fund is comprised of many sub-funds which retain their own ending fund balances. In other words, the fund balances at the sub-fund level carry-over from year to year. For presentation purposes, the sub-funds are totaled together according to the same legal spending authority or like-kind purposes. For example, state law gives the spending authority of asset forfeiture funds to the applicable law enforcement agency and district attorney. The asset forfeiture funds are not under the control of commissioners court. The asset forfeiture funds are grouped together because of like-kind purpose. The largest sub-fund group presented by same legal spending authority is the county clerk funds with a total appropriations budget of \$2,966,978. The second largest sub-fund groups are those funds under the authority of commissioners court which has an appropriations budget of \$1,703,936. Examples of some of the sub-funds under commissioners court control are: courthouse security fund, RTA street improvement fund and the LCS prison subcontract fund. Please see page 276 for a summary on the special revenue funds. Total combined revenues are \$4,690,639 for the special revenues fund for the 10/11 budget up by \$263,218 compared to last year.

Grant funds continue to be a vital source of revenue to the county. Officially, grant activity is not adopted as part of the annual budget because separate program budgets are adopted instead, which overlap the county's fiscal years. For information purposes grant activities are herein included. As compared to prior year, grant fund revenues reflect an increase of \$.95 million. This includes outside matching sources and in-kind contributions. Please see a list of all the grants considered in preparing this budget on page 399.

The self-insurance fund revenues come from premiums charged to the operating funds for workers compensation, property and general liability and group medical insurance. As expected, when revenues in the self-insurance fund go up, operating fund expenditures will also increase. The county is not 100% self-insured. The self-insurance fund purchases commercial policies, which when prices go up also triggers premium increases to the operating funds. The self-insurance fund has to charge premiums to the operating funds large enough to cover the sum of anticipated costs in those areas where the county is self-insured and to pay for outside policy premium costs plus deductibles. The county has an excellent safety record for the past seven years and is experiencing low premium costs in workers compensation. Premiums charged to the operating funds for general liability have increased due to higher windstorm coverage. A schedule of insurance coverages for property and other risks for which commercial policies are obtained is presented in the back of this book on page 468.

Higher medical costs and unfavorable experience ratios contributed the most to higher appropriations budget. Total appropriations increased by 12.53%, but the premiums charged to the employer and employee stayed the same as last year. As a percent of estimated actual expenditures for FY 2009-10, the budget was increased by approximately 7.5%. Please refer to the self-insurance fund section later in this report.

This section concludes analysis on revenues until later in this report where the general fund and road and bridge fund are broken out in further detail. In summary, the economic environment has directly affected one revenue stream, the motor vehicle sales tax commission. Indirectly, the commissioners court took action to bring about a change to the local economy by lowering taxes. Overall, the county's revenues look consistent, stable and dependable. Actual performance at the end of this fiscal year is expected to be better than the amounts budgeted herein.

### **Appropriations – Operating Funds Group**

The total operating funds budget (appropriations only, without transfers out) is 1.87% higher or \$1,593,985 more than the 2009-10 budget. The following table, *Operating Funds-Appropriations by Expense Type*, presents a year-to-year budgetary comparison by expense type. Again, a list of the funds that comprise the operating funds group, please refer to the *Summary of Projected Fund Balances for 2010/2011 Budget* on page 18.

Operating Funds – Appropriations by Expense Type 2009-10 Budget vs. 2010-11 Budget					
Expense Type:	2009-10	2010-11	Increase (Decrease)	Yr to Yr Percentage	% of Total Increase

Travel	303,330	269,800	(33,530)	(11.05)%	(2.10)%
Capital Outlay	1,458,000	1,410,600	(47,400)	(3.25)%	(2.97)%
Contingency Appropriations	3,575,049	3,546,645	(28,404)	(0.79)%	(1.78)%
Total Operating Funds - Appropriations	\$85,275,500	\$86,869,485	\$1,593,985	1.87%	100.00%

Personnel costs as previously mentioned have risen due to the 2 ½% pay increase for those employees eligible for a step increase in accordance with the continuance pay policy. In addition, law enforcement personnel received additional compensation for various reasons in accordance with the collective bargaining agreement.

The decreases in office expense, travel and capital outlay were cost cutting measures taken to reduce costs.

Telephone and utilities was significantly reduced for the second time. Remember over two years ago the price of oil was at least 50% higher than today's prices. The budget for telephone and utilities has just a little leeway left over for any future price increases that may have to be absorbed.

Maintenance and repairs increased by 11.61%. Five items explain this increase:

Building maintenance repairs	\$152,136
IT Software maintenance	231,000
Sheriff vehicles maintenance and gasoline	96,658
Road repairs	200,000
Coastal parks	63,000
Other areas	<u>8,565</u>
Total budget increase for maintenance and repairs	<u>\$751,359</u>

Professional services increased by \$199,405. Half of this increase is for outside legal expense associated with law enforcement labor negotiations. The other half is for a consultant/expert on redistricting issues, financial system consultants and the jury system upgrades.

The increase of \$143,620 in special personnel is connected with the cost of “if you cannot afford an attorney, one will be provided to you” – indigent defense. This increase is due to the higher volume of criminal cases. The budget for court appointed attorneys was actually increased by \$173,620 or 5.11%. Because of some other reductions made the net increase was less at \$143,620.

Other services and charges was increased by \$340,224 with \$202,615 going toward higher property insurance premium costs; \$87,045 going toward the community’s metrocom dispatch center; and \$35,000 was added for contract services at the fairgrounds. The difference of \$15,564 is the net effect of several other small changes.

The other expense category is where copy machine costs are coded. The budget for this expense was increased by \$18,309 for the new budget year.

Contingency appropriations is not an expenditure category in and of itself. It is strictly used for budgetary purposes where an appropriation is set aside for unforeseen expenditures. Commissioners court must approve all transfers from this category. The funding available for unforeseen expenditures was reduced by \$28,404.

Explaining the reasons for the changes in the budget based on the budget categories or rather by type of expense will also apply when looking at the budget changes governmental function.

Operating Funds – Appropriation sorted by Governmental Function 2009-10 Budget vs. 2010-11 Budget					
Governmental Function	09/10	10/11	Increase (Decrease)	Yr to Yr Percentage	% of Total Change

Parks & Recreation	5,747,741	6,073,328	325,587	5.66%	20.43%
Total Appropriations	\$85,275,500	\$86,869,485	\$1,593,985	1.87%	100.00%

Personnel costs is in every governmental function and considering that personnel costs comprise 42.4% of the total increase it naturally has an impact on every function (except capital outlay). The increases and decreases shown in each function in the table above includes its portion of personnel costs.

The buildings and facilities function shows a decrease of \$121,076. This is because the reduction in telephone and utilities was greater than the increase in personnel costs that are associated with buildings and facilities.

The decreases in social services and health, safety and sanitation are different from any explanations presented so far.

Social services incurred a budget cut of \$50,000 to cash allowances for foster children. This reduction was based on historical performance and therefore can be viewed as more like a budget adjustment since the level of expenditures should not be affected. This adjustment was more than any increases made to other line items.

The decrease in health, safety and sanitation is simply a reversal of an inadvertent error made in the budget last year. The animal control manager's salary was budgeted twice last year in the amount of \$41,455. If that error had not been made then an increase of approximately \$3,355 would show.

In summary, appropriations for the operating funds increased by 1.87%. The total amount budgeted for operating funds appropriations is \$86.87 million. The fiscal impact from increased personnel costs, higher property insurance costs, and other market forces is addressed in this budget and with this budget, county services should continue very efficiently.

### **Fund Balances**

Ending fund balances for operating funds are budgeted at \$16.74 million for fiscal year 2010-11. Compared to last year this is the same since the 2010-2011 budget for ending fund balances is only \$10,903 less. Budgeted ending fund balances for all funds is shown on the *Summary of Projected Fund Balances for 2010/2011*, page 18 and are budgeted at \$22.70 million. In comparison, the ending reserves were budgeted at \$23.26 million in 2009-10. The county's financial policy guidelines (see page 9) on minimum general fund reserves establishes the minimum to be at least twenty-five percent of general fund budgeted revenues and transfers in.

Applying this guideline equates out to \$17.60 million which puts the budgeted ending balance short by \$2,990,209. A budgeted ending fund balance is not the same as the actual ending fund balance. It is projected, that the actual ending fund balance will meet the guidelines because actual expenditures historically are less than budgeted appropriations and actual revenues are more than budgeted revenues. Typically the general fund actual revenues are 101% of budgeted revenues, and actual expenditures are 97% of budgeted appropriations resulting in an ending fund balance of more than what is budgeted.

Fund balances in all operating funds, debt service fund, and the self insurance fund reflect strong balances and are at the upper limits recommended by bond rating agencies.

**Employee Positions**

This budget includes position control over all county employees. Personnel cannot be hired without a position budgeted and approved by commissioners court. In addition, each employee position automatically freezes upon vacancy as ordered by commissioners court (see page 5 for the Order of the Nueces County Commissioners Court Affecting Budget Authority for Employee Positions).

There are a total of 1,167 budgeted positions, a net decrease of 5 positions compared to last year. Most of these positions are full time equivalents but not all. Part-time positions and shared positions are counted as whole positions in each department for position control purposes.

The net change to the county’s labor force by governmental function is as follows:

Percent Change in Labor Force by Governmental Function				
	09/10	10/11	Increase (Decrease)	% Change
General Government	183	183	0	0.00

Transferred employees have no financial impact on the bottom line, but do reflect County management's assessments and priorities. Seven positions were transferred as shown on the following table, *Employee Positions Transferred*. These transfers are not counted as additions or deletions in the table, *Employee Position Changes*.

**EMPLOYEE POSITIONS TRANSFERRED**

Each department's budget includes a detailed employee position schedule along with their financial budget if that department has employees assigned. The table below shows a multi-year comparison of county staffing levels for each government function. Again there are 1,167 positions budgeted for the 2010/2011 fiscal year, lower by 5 positions. This count does not include the 202 positions in CSCD under the State of Texas, the 20 positions allotted to the city/county health department or the 3 positions budgeted for vector control.

Personnel costs comprise 60.10% of total operating appropriations. Monitoring these costs is closely done because of its impact, but more importantly, the county recognizes that human resources is its most valuable asset.

## Budget Detail of the Operating Funds Group by Fund

The county categorizes all the governmental funds in four groups: operating funds, debt service funds, capital projects funds and other funds. Budgetary changes and highlights are presented in this section on each fund separately that are part of the operating funds group.

**The General Fund** is the main operating fund in that it can be legally used for any activity or governmental function. The total budget is higher by .44% or \$339,214 for a total of \$77,035,085. The general fund subsidizes the road & bridge fund, stadium & fairgrounds fund, inland parks fund and coastal parks fund, airport fund and capital projects fund and provides most of the local match on grants. These subsidies are budgeted as transfers out. The 2010-11 budget for transfers out is \$5,441,016, which is \$673,287 less than the previous year. Appropriations are \$71,594,069 which is \$1,012,501 higher or 1.43% higher than the previous year.

General fund revenues and transfers in decreased by \$1,857,042 or 2.57% for a total of \$70,416,331. Total budgeted appropriations and transfers out exceed total revenues and transfers in by \$6,618,754 reducing the fund balance reserves. As mentioned earlier, actual expenditures have always been less than budgeted appropriations, and at the end of this fiscal year the ending fund balance is expected to be higher than the budgeted ending fund balance. See *General Fund Revenues Summary* on page 27.

The general fund revenues and transfers in are conservatively budgeted at \$70,416,331 with the expectation of actual revenues to come in around 101% of the amount budgeted. The general fund tax rate remained unchanged at .291536 per \$100 property valuation. Property taxes comprise 75.85% of total general fund revenues and transfers in. Last year, property taxes constituted 76.83% of total general fund revenues and transfers in.

The following table, *General Fund Revenues and Transfers In Budget Comparison*, shows the current year budget compared to 2008-09 Actual and the 2009-10 Budget.

Most of the large changes made to the general fund revenue and transfers in budget for 2010-11 have been previously explained elsewhere in this report. To be brief, only one comment is added here about the increase in transfers in of \$66,850.

The increase in transfers in is the net effect of the following:

Decrease in transfers in from juvenile IV-E for salary reimbursement.....	\$(186,550)
Increase in transfers in from state grants for juvenile secure felony placements in county facility.....	38,400
Increase in transfers in from drug court special revenues for partial reimbursement of costs.....	40,000
Increase in transfers in from pre-trial diversion special revenues for partial reimbursement of program costs..	<u>175,000</u>
Net increase in transfers in	<u>\$ 66,550</u>

Although the total net effect of transfers in is favorable and relatively small, there are some large swings within this category that had to be disclosed. The county is in the process of having an independently prepared cost allocation plan done to substantiate the validity of many of these transfers in.

Analysis of the following table, *General Fund Expenditures and Transfers Out Budget Comparison*, shows current year budget compared to 2008-09 Actual and the 2009-10 Budget.

Total expenditures and transfers out increased by .44% or in dollars only \$339,214. Although the bottom line moved up by a fraction of 2%, by category there are some large savings as shown in the table below.

Again most of the large changes made to the general fund expenditures and transfer out budget for 2010-11 have been explained elsewhere in this report. And to be brief, only one comment is added here about the decrease of \$673,287 in transfers out.

The decrease in transfers out is the net effect of the following:

Increase in transfers out to road fund for billable services performed for general fund purposes	\$ 4,215
Increase in transfers out to road fund for salary reimbursement	14,635
Decrease in transfers out to road fund for lower sales tax commission on motor vehicles	(322,782)
Increase in transfers out for 100% reimbursement of engineering department	7,026
Increase in transfers out for grant match	31,804
Increase of transfers out for juvenile grant match	22,753
Decrease in transfers out to fairgrounds and stadium for general operating subsidy	(191,000)
Decrease in transfers out to airport fund for general operating subsidy	(39,880)

Using a bar chart to compare the budget changes (excluding personnel costs) in dollar amount order makes it easier to see the changes made. Personnel costs is the largest expenditure and comprises 60.61% of total general fund appropriations and transfers out. This category is eliminated in the bar chart for displaying purposes.

A complete schedule of all transfers for all funds is presented on page 24. Please see *Schedule of Budgeted Transfers 2010/2011* for more information.

Recapping, the General Fund 2010-11 budgeted revenues and transfers in is \$70,416,331 and expenditures and transfers out is \$77,035,085 leaving a budgeted ending fund balance of \$14,613,874. The budgeted ending fund balance represent 2.28 months of cash flow using 10/11 budget figures. Considering that actual performance is usually favorable when compared to the budget, the general fund ending fund balance at 9/30/11 is projected to be in compliance with the 25% minimum fund balance policy.

**The Road & Bridge Fund** manages eight departments: road & bridge, engineering, road right of way, and five separate funds earmarked for road and drainage expenditures. The road & bridge and engineering department comprises the main operations and the following tables cover these operations only.

The primary source of funding for these operations comes from a \$10 vehicle registration fees and a sales tax commission from the sales of motor vehicles. Revenues deriving from motor vehicle related cash flows total \$3,699,568 and represent 61.46% of total revenues and transfers in of \$6,019,448. Property taxes provide 13.10% of the funding for a total of \$788,254. Total revenues and transfers in as shown on the following table, *Road & Bridge Revenues and Transfers In Budget Comparison* are \$382,864 less than the prior year budget.

This decrease is due to two categories; interest income and transfers in. The decrease in the budget for interest income is due entirely to market conditions since fund balances are holding steady. The decrease in transfers in is also due to market conditions. The portion of the sales tax commission from the sales of motor vehicles which is deposited into the general fund is transferred to the road fund in its entirety. This commission has come down and therefore less is being transferred to the road and bridge fund.

The 2010-11 tax rate for Farm-to-Market, Lateral Road & Flood Control is .004329 per \$100 valuation which is less than the effective tax rate. Unlike the general fund, property tax revenues increased even though there was a “true” decrease in the tax rate. This circumstance reflects the fact that valuations on farm land and land used for other agricultural use increased in value higher than by which the property tax rate was decreased.

The total road and bridge and engineering departmental expenditures and transfers out are summarized in the table, *Road & Bridge Fund Expenditures and Transfers Out Budget Comparison*. Expenditures and transfers out for 2010-11 total \$7,359,990 and is \$68,890 or .95% more than 2009-10. As previously mentioned, operations should be unaffected by this reduction. The budget changes are relatively level by design to contain costs. As a point of interest, \$40,000 was cut out of the professional services budget to save on dune protection engineering costs. In addition a transfer out to the airport fund in the amount of \$13,000 has to be appropriated to compensate the airport for the use of its land to store road materials. This change was required to comply with federal transportation regulations.

Annual appropriations are necessary to maintain 400 miles of paved roads, 300 miles of caliche roads and 249 bridges. The county's roads and bridges are in excellent condition since 2006 when a \$55.33 million rehabilitation program was completed. The road rehabilitation expenditures which total \$42.54 million are being depreciated over a period of ten years. It is the county's goal to keep these roads and bridges in their "as improved" condition. The challenge of this and future budgets is to synchronize the availability of funds and hence keep the maintenance budget up with the pace of deterioration from use plus maintaining a minimum 25% fund balance.

The remaining sub-funds are designated for maintenance of roads and drainage at the precinct level except one sub-fund is available for countywide purposes. These monies are under the control of each commissioner of that precinct and the county judge had authority over the countywide sub-fund. These sub-funds were created as a way for the commissioners to quickly resolve any citizen complaints by contracting out for the work to be done without disrupting the work schedules in the road and bridge department. Funding for these sub-funds comes entirely from the general fund. All resources are budgeted as appropriations for a total of \$879,177 leaving a zero ending fund balance.

In summary, the road and bridge and engineering departments appropriations and transfers out are greater than revenues and transfers in by \$1,340,542. Budgeted ending fund balance is \$1,009,661, which is 1.65 months operating cash flow using budgeted FY 10/11 expenditures and transfers out.

The remaining departments in the road and bridge fund are budgeted individually. The road right of way fund monies are designated for financing the county's 10% share of any projects the Texas Department of Transportation (TXDOT) pursues requiring the purchase of right-of-way. The only source of income is interest income which is budgeted at \$457. All resources are budgeted as appropriations for a total of \$454,208 leaving a zero ending fund balance.

**The Stadium & Fairground Fund** was established after opening the new Richard M. Borchard Regional Fairgrounds in January 2007. A professional firm is contracted to manage the stadium and fairgrounds. This year the transfers to stadium & fairground funds is \$1,050,555, a decrease of \$191,000. This decrease is due to more activities being scheduled at the fairgrounds resulting in the generation of outside revenues.

Total appropriations are budgeted at \$2,311,542. The ending fund balance is budgeted at \$190,464 which shows an increase of \$117,996 more than the previous year.

It is important to note that \$1,000,000 of appropriations are contingent upon receiving other income from fairgrounds or other financing sources.

**The Law Library Fund** is self-sustaining with revenues coming from civil case fees, user fees and miscellaneous other revenues. Revenues are budgeted at \$176,200 and appropriations are budgeted at \$212,444 with a difference of \$36,244. The budgeted ending fund balance is \$229,382 down by \$26,620 as compared to last year.

**Airport Fund** accounts for the county airport located outside the city of Robstown. Total resources are split with 58% coming from hanger rentals, investment income, and fuel sales and 42% from transfers in. The general fund will transfer \$25,000 which is \$40,000 less than the previous year. The revenues budget total \$52,408, which is \$5,398 more than last year. Appropriations and transfers out are budgeted at \$172,306, an increase over last year's budget of \$1,926. The ending fund balance is budgeted at \$62,543. The airport has installed new self-serve fuel dispensers which went into full operation February 2010. And with funding from TXDOT five new hangers were built. The general fund subsidy was reduced in anticipation of revenues increasing as a result of these changes.

**The Inland Parks Fund** covers operations of the county's parks not located on the coast. There are thirteen county parks included. For a list of county parks see page 467. Funding for the inland parks fund comes from the general fund as transfers in. There are no separate resources available to the inland parks fund.

Transfers in from the general fund is budgeted at \$1,194,100, which is basically the same as last year disregarding the \$58 decrease. The stadium fund is transferring \$15,500 to inland parks for grass cutting services. Appropriations and transfers out increased by \$16,733 for a total of \$1,248,141.

The senior community services director is in charge and oversees inland parks operations. The director's salary is budgeted 100% in general fund senior community services department. Overall, the inland parks budget is slightly under funded with revenues and transfers in less than expenditures and transfers out by (\$37,441). The ending fund balance is budgeted at \$100,983 which is less than one month of operating expenditures using 10/11 budget figures.

**The Coastal Parks Fund** maintains approximately 2.79 miles of beach, one rv park and several picnic and recreation facilities. There is also a separate sub-fund, rv park capital improvements which retains its own fund balance and is self-sustaining. Excluding rv capital improvements, total revenues and transfers in are budgeted at \$1,644,611, which is \$46,600 more than the previous year.

Appropriations and transfers out total \$1,984,008 up by \$150,490 compared to prior year. The ending fund balance is budgeted at \$533,137 representing approximately 3.22 months operating cash flow using 10/11 budget figures.

The rv park capital improvements fund is funded by 33.33% of the space rentals and is designated for expanding and improving the rv park located at Padre Balli Park, 15820 Park Road 22. The rv park capital improvements fund has appropriations and transfers out of \$430,000 and ending fund balance of \$73,965.

This concludes the section on budgetary details and highlights on each operating fund in the operating funds group.

### **Budget Detail of the Debt Service Funds Group**

According to the statement of indebtedness on page 432, total indebtedness at the beginning of this budget year (principal outstanding) is \$121,157,443. No new debt is anticipated to be issued during the 2010-11 budget year; however, a refunding is expected to close on October 12, 2010. As a result of the refunding, \$930,000 in principal was reduced and interest savings amounted to \$1,104,272. Total debt service requirements for this budget year will not be affected by this refunding. The detail budgets on each issue reflects the changes due to the planned refunding.

The state energy conservation loan is anticipated to finalize in December 2011 not to exceed \$7,930,497. This loan is guaranteed to be paid off with the savings from reducing energy consumption.

Revenue sources for debt service requirements are property taxes and investment and interest income. Total revenues for 2010-11 are \$10,866,809. The property tax rate (for debt service only) stayed the same from last year at .059394. Debt service requirements appropriated are \$10,461,547, down by \$384,989 as compared to previous year.

The county's annual debt service as a percent of the sum of general fund appropriations plus transfers out and debt service appropriations is 11.96%. Last year this ratio was 12.39%. This measure indicates that the County is in a good position as to credit standing and the debt burden does not exceed the community's ability to repay. In general, a debt burden is considered high when debt service payments represent 15-20% of the combined general fund operating and debt service fund expenditures and transfers out.

Other factors, such as a stable tax base and the demonstration of a trend of solid financial position, also affect this ratio. The last credit rating done was September 2010. The county was affirmed on its AA+ rating by Standard & Poor's and its AA2 rating by Moody's.

The budgeted ending fund balance is \$4,044,254. The county makes two payments per year: February and August. Principal payments are only made in February. To ensure that the funds are on hand when the February principal and interest payments are due, the County plans to slowly increase the fund balance to equal the subsequent year's February debt service requirements. The budgeted ending fund balance represents 54.6% of the February 2011 debt service requirements.

### **Budget Detail of the Capital Projects Fund Group**

The capital projects fund is not subject to annual budgetary limits because each project has its own budget that usually overlap fiscal years. The capital projects fund is a multi-year funding plan and is not controlled by the annual appropriations budget. There are four sub-funds within the capital projects fund that are used to account for the specific funding sources. The general capital projects fund, department 1901, is used to track individual projects mostly funded with general fund monies via transfers in. Department 1915 capital projects is used to track projects funded mostly by certificates of obligation series 2004 monies. Department 1917 capital projects is used to track projects funded mostly by certificates of obligation series 2007 monies. A new department has been set up this year, department 1918, for new funding made available through the State of Texas as part of the federal government's energy conservation program – SECO. Projects budgets total \$7,930,497 which is guaranteed by Johnson Controls to be paid back with savings in utility bills. Project budgets total \$151,946,192 including those funded with the new energy conservation program. Of this amount, \$32,906,555 is remaining to be spent for completion.

Please see pages 413-419 for a short list by department of the projects in progress. For a detail listing of the individual projects, please contact the county auditor office.

### **Budget Detail of the Other Funds Group**

There are three types of funds in the group of other funds: the special revenues fund, the grants fund, and the self-insurance fund. The budgets of these funds are controlled at the fund level by commissioners court.

**The Special Revenues Fund** accounts for numerous sub-funds that are considered "special" because the monies can only be spent on the designated special purposes as ordered by commissioners court or required by statutory law or contractual stipulations. Each sub-fund retains its own fund balance. The sub-funds are organized and presented by spending authority or like-kind purposes. All sub-funds are summarized on the *Special Revenue Funds Summary* shown on page 276 according to spending authority or like-kind purposes.

Total combined revenues and transfers in are budgeted at \$5,225,791, an increase of \$270,494 as compared to the 2009-10 budget. Combined total special revenue fund appropriations and transfers out increased by \$520,215, for a total of \$11,677,485, providing additional resources for specific public purposes. Combined budgeted ending fund balance is \$771,089 as compared to last year's balance of \$1,082,238.

The special revenue fund is increasingly becoming more significant to county operations. When legislation requires certain fees collected be spent for specific purposes, this revenue in the past was not considered a major operating fund. Because of the amounts involved and the growing interest in specific legislation, this fund may be moved from the other funds group to the operating funds group in future budgets.

**Grant Funds** are presented beginning on page 399. Separate sub-totals are shown for the main grant fund and the TJPC juvenile grant fund. The grants fund is not subject to annual budgetary limits. Each grant is subject to its own contractual budget and time frame which usually overlaps the county's fiscal year.

The sum of all contracts in the main grant fund including pending applications is \$17,367,554. Out of this total, grant revenues amount to \$15,251,562, or 87.82%. Excluding pending applications, the county's resources are enhanced by \$6,956,691 from grant funding. The county has other grant funding available which is not included here, but instead is accounted for in the general fund as intergovernmental revenues.

The TJPC juvenile grant fund shows contract amounts totaling \$2,851,688, an increase of \$33,500. Of this amount, grant revenues amount to \$2,491,004, or 87.35%.

Grant schedules are presented to facilitate the budgeting of inter-fund transfers and are presented on pages xxx. The areas where the county is focusing future efforts to obtain grant funding are drainage, parks, and economic development. Upgrading colonias will continue to be a priority.

**The Self-Insurance Fund** is an enterprise fund and contains three separate sub-funds: workers compensation; property, auto, and general liability; and health insurance. The county is self-funded for general liability, professional liability and law enforcement liability subject to state law limitations under the tort reform act. The county limits its risk on health insurance claims by having individual stop-loss coverage at \$300,000 up from \$250,000. Another change made this year is changing the individual maximum from a \$1,000,000 lifetime maximum to a \$1,000,000 annual maximum. The county has commercial insurance policies to cover most risks for the best protection. A summary budget is presented on page 444.

The workers compensation fund covers direct expenses of pre-1995 cases and purchases outside coverage for cases incurred 1995 and after. Insurance coverage is through an insurance pool administered by the Texas Association of Counties (TAC). Each operating fund and any special revenue fund with personnel are assessed a self-insurance premium by this workers compensation fund.

Commercial insurance policy premiums are then paid to TAC from the workers compensation fund. Commercial insurance premiums paid to TAC are budgeted at \$350,000, a 40.00% increase, or \$100,000 more than last year's budget. The ending equity fund balance is budgeted at \$515,718.

The property, auto and general liability fund is used to pay commercial insurance policy premiums, deductibles, civil settlements (self-insured) and disaster property losses. Operating funds are charged self-insurance premium fees that are recognized as revenue in this enterprise fund. For a complete list of the insurance policies in force please refer to page xxx.

Every year the county attorney reviews and estimates the contingent liability on pending lawsuits. The commissioners court determines a funding plan for these estimated liabilities and accrues this expense to a balance sheet liability account. The county takes an affordable conservative approach to funding these estimated liabilities and is currently compliant with that policy.

The self-insurance premiums charged to the operating funds were increased by \$202,615 for a total of \$1,318,000. The budgeted ending equity fund balance, which is separate from the estimated liability account, is \$113,450 lower by \$373,407 compared to previous year. Total appropriations are higher than last year for a total of \$1,418,000 increasing by \$204,118.

The health insurance fund was set up when the county went self-insured on its group medical coverage in the early ninety's and had been dormant until October 1, 2001 when the commissioners court went self-insured again for group medical coverage.

The commissioners court determines the premium rates charged to both employees through payroll deductions and what the employer pays, that being Nueces county. All premiums charged (employer and employee paid) are deposited into this health insurance fund. Medical claims, prescriptions, underwriter's insurance and administration fees are then paid for from this fund.

By going self-insured, the commissioners court is anticipating better control of the costs and preventing wide fluctuations in the future. Expenses were budgeted 7 ½% higher. Budgeted ending equity fund balance is \$515,556. This includes full accrual of the 90 days runoff claims. The plan benefits remained the same as last year except for changes required by the health care reform act, i.e., dependents covered until age 26, mental health, pre existing exclusionary clauses, etc. Premiums charged stayed the same as last year.

The budget plan for each sub-fund is to maintain the ending balances at their current level.

Having completed the budgetary analysis on the other funds group, this completes the budgetary analysis on all county funds.

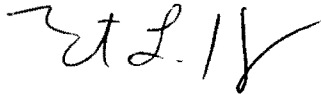

### Acknowledgments

This budget adopted by the Nueces county commissioners court establishes the legal spending limits for 2010-2011. The county has in the past and plans to continue in the future its conservative approach to monitoring expenditures to ensure that fund balances stay strong at the 25% general fund policy level. Good management practices contributed toward the two credit rating agencies deciding to reaffirm the county's "double A" ratings (AA+ and Aa2). As Standard & Poor's stated, "[Our] stable outlook also reflects our expectation that county officials will maintain reserve levels at a strong level."

Faced with slowing economic conditions the commissioners court with Samuel L. Neal, Jr., as the county judge was able to find the way to adopt a budget with lower taxes, no lay off of employees, no higher health insurance costs and maintain total expenditure funding levels to keep county services continuing steady. The outlook is good and the county anticipates actual performance to compare favorably to this budget at the end of 2010/2011 fiscal year – with the reserves right on target at 25%.

My thanks and confidence to Judge Neal and county commissioners, Mr. Steve Waterman, Director of Commissioners Court Administration, county auditor staff and all other county officials for a good job done. And lastly, for their leadership, guidance and support from the Honorable State District Judges, I am most thankful. They set the bar.

Respectfully submitted,

## COMMISSIONERS COURT RESOLUTION REGARDING COUNTY INTERFUND LOANS

**WHEREAS**, a number of the grants awarded to the County are reimbursement grants, requiring the County to expend county monies before getting access to the grant funds;

**WHEREAS**, the Commissioners Court from time to time may need to fund grant projects in the interim before being reimbursed with grant funds;

**WHEREAS**, the funding of these grant projects can be accomplished through a short-term County interfund loan, i.e. loaning monies from the General Fund to the Grants Operating Fund until grant funding is received; and

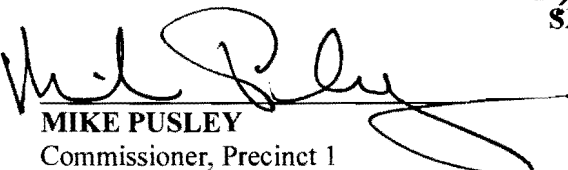

**WHEREAS**, for purposes of this resolution a short-term interfund loan is meant to refer to credit/debit accounting entries in the County's balance sheet between two County funds; and is not meant to indicate a traditional loan, wherein interest may be accrued.

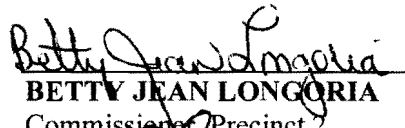

**NOW THEREFORE, BE IT RESOLVED BY THE COMMISSIONERS COURT OF NUECES COUNTY, TEXAS**, that monies from the County's general fund up to a maximum of two million dollars (\$2,000,000.00) may be used to provide the County's Grant Operating Fund with a short-term interfund loan pending receipt of applicable grant funds. Upon receipt of grant funds the County's General Fund will be immediately credited monies received.

This order is effective on October 1, 2010, and applies to grant funding necessary during Budget Year 2010-2011.

**ORDER OF THE NUECES COUNTY  
COMMISSIONERS COURT  
AFFECTING BUDGET AUTHORITY  
FOR EMPLOYEE POSITIONS**

This order applies to and affects all employees who are authorized (1) by the Commissioners Court under the authority of Subsection 152.011, Local Government Code, Vernon's Texas Codes, or other authority of the Commissioners Court to set compensation and control the Annual Budget and (2) all employees who are authorized in the 2010/2011 County Budget, except (3) it does not apply to employees over which the Commissioners Court has no authority to set compensation.

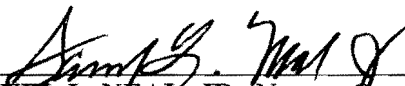

***IT IS THEREFORE ORDERED*** for each employee position that is vacant as of October 1, 2010, or that becomes vacant on October 1, 2010, or thereafter during Budget Year 2010/2011:

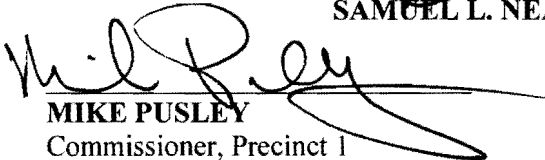

No official shall hire or fill an employee position that is vacant unless authorized by the Commissioners Court.

No salary, allowance, or other compensation shall be paid (except for those employees who are on the payroll as of October 1, 2010) unless specifically authorized by the Commissioners Court.

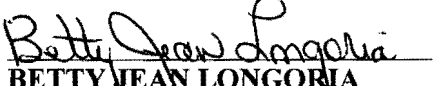

The salary and fringe benefits for each vacant employee position may be transferred by the Commissioners Court to a special reserve designated by the County Auditor. The authority and funds provided by this Budget are frozen for each vacant position for a minimum of thirty days until released and reinstated by the Commissioners Court.

## COMMISSIONERS COURT RESOLUTION AND ORDER ESTABLISHING FINANCIAL GUIDELINES FOR MINIMUM GENERAL FUND RESERVES

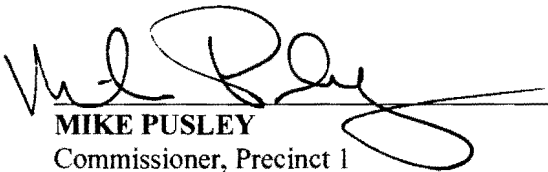

**WHEREAS**, sound fiscal policies are crucial to enabling the County to maintain its long-term financial stability and excellent bond rating; and,

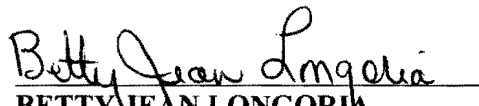

**WHEREAS**, ad valorem tax revenues are normally not collected until mid-December each year and, as such, adequate fund reserves are required to provide operating monies for the first three months of each fiscal year.

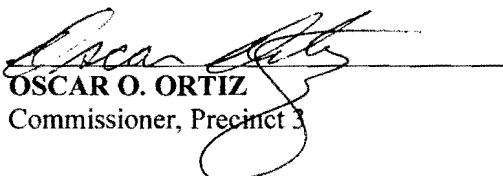

**NOW, THEREFORE, BE IT RESOLVED and ORDERED BY THE COMMISSIONERS COURT OF NUECES COUNTY, TEXAS** that it is the Court's continued goal for Budget Year 2010-2011 to maintain a minimum general fund reserve of twenty-five percent of general fund budgeted revenues and transfers.

## COMMISSIONERS COURT ORDER CREATING A FAMILY PROTECTION FUND AND ASSESSING A FEE TO BE COLLECTED AT THE TIME OF FILING OF SUITS FOR DISSOLUTION OF MARRIAGE PURSUANT TO SECTION 51.961 OF THE TEXAS GOVERNMENT CODE

**WHEREAS**, the 78<sup>th</sup> Legislature by Acts 2003, Ch. 198 Section 2.165 (a), effective September 1, 2003 passed a new Law entitled "Family Protection Fee", now codified in Section 51.961 of the Texas Government Code; and

**WHEREAS**, this new Law authorizes the Commissioners Courts of the State of Texas to create Family protection fund and assess a fee not to exceed \$15 when a suit for dissolution of marriage case is filed. Said fee is in addition to any other fee collected by the District Clerk or County Clerk; and

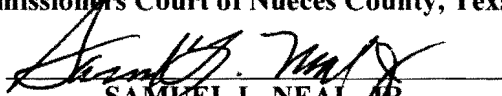

**WHEREAS**, the Clerk may not collect a fee under Section 51.961 of the Texas Government Code from a person who is protected by an order issued under Subtitle B, Title 4, Family Code, or Article 17.292 of the Code of Criminal Procedure; and

**WHEREAS**, the Commissioners Courts of the State of Texas may use this "Family Protection Fund" only to fund a service provider located in that county or in an adjacent county; and

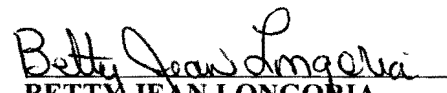

**WHEREAS**, the Commissioners Courts of the State of Texas may fund the service provider, a non-profit organization that provides services of family violence prevention, intervention, mental health, counseling, legal, and marriage preservation services to families that are at risk of experiencing or that have experienced family violence or the abuse or neglect of a child; and

**NOW, THEREFORE, BE IT ORDERED**, by **THE COMMISSIONERS COURT OF NUECES COUNTY, TEXAS** that for Budget Year 2010-2011 a "Family Protection Fee" of \$15 will continue to be assessed for the filing of a suit of dissolution of marriage. This fee may not be collected from a person that is protected by a Protective Order or Magistrate Order.

**DULY adopted by vote of the Commissioners Court of Nueces County, Texas, on the 25<sup>th</sup> day of August, 2010.**

## **AN ORDER ACCEPTING AND APPROVING THE 2010 TAX ROLL; SETTING THE 2010 TAX RATES FOR NUECES COUNTY; AND LEVYING SAID TAX RATE AGAINST ALL TAXABLE PROPERTY IN NUECES COUNTY FOR 2010**

**WHEREAS**, the Commissioners Court authorized the Tax Assessor-Collector to compute the effective tax rate for 2010, for the County, County Farm-to-Market, and Lateral Road and Flood, and;

**WHEREAS**, Notice of the Effective Tax Rate Computations fully in compliance with the Property Tax Code and rules of the State Comptroller's Office-Property Tax Division appeared in the Corpus Christi Caller-Times for the County, County Farm-to-Market, and Lateral Road and Flood on August 7, 2010, and;

**WHEREAS**, the Commissioners Court finds and determines that the proper procedure has been followed to lawfully consider the proposed tax rates for 2010, including proper notice of the meeting of August 25, 2010 as provided by Chapter 551, Government Code, Vernon's Texas Codes;

**WHEREAS**, the Commissioners Court finds and approves separately the tax rate for the current year consisting of the following two components:

(1) the **debt service tax rate of \$0.059394**, that if applied to the total taxable value, will impose the total amount published pursuant to Section 26.04 (e)(3)(C) of the Texas Property Code, less any amount of additional sales and use tax revenue that will be used to pay debt service

(2) the **maintenance and operation tax rate of \$0.295865**, that if applied to the total taxable value, will impose the amount of taxes needed to fund maintenance and operation expenditures of the County for the next year.

**NOW, THEREFORE, BE IT ORDERED** by the Commissioners Court that the 2010 Tax Roll, as submitted by the Nueces County Tax Appraisal District to the Nueces County Tax Assessor-Collector is approved, and that the following tax rates per \$100 value are set and levied against all taxable property for 2010:

A. Nueces County, General Fund, M & O	\$ 0.291536 per \$100
B. Nueces County, Farm-to-Market, Lateral Road and Flood Control	0.004329 per \$100
<b>C. Nueces County, Total M &amp; O</b>	0.295865 per \$100
<b>D. Nueces County Debt Service</b>	0.059394 per \$100
<b>Total Nueces County Tax Rate-Add C&amp;D</b>	<b>\$0.355259</b>

**BE IT FURTHER ORDERED** that the Homestead Exemptions for 2010 shall include 20% for homestead exemption (but not less than \$5,000); and \$62,500 for over age 65 or disabled exemption, plus a tax limitation on the total amount of taxes that may be imposed on the residence homestead of a disabled individual or those 65 or older, pursuant to Article VIII 1-b (h) of the Texas Constitution, and exemptions mandated by state law, and

**BE IT FURTHER ORDERED** that no discounts are to be allowed for early payment of taxes. Split payments of taxes as described in Subsection 31.03 of the Property Tax Code will not be allowed.

**The proposed Order Accepting and Approving the 2010 Tax Roll, Setting the 2010 Tax Rates for Nueces County, and Levying Said Tax Rate Against All Taxable Property in Nueces County; having been read, public comment having been allowed, and comments having been considered.**

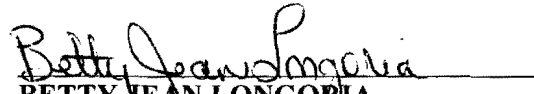

On a Motion to adopt the total Tax Rate of **\$0.355259** and to adopt the Commissioners Court Order made by Commissioner Chuck Cazalas, seconded by Commissioner Mike Pusley, the Court voted to adopt the total Tax Rate of **\$0.355259** and to adopt the Commissioners Court Order on the 25<sup>th</sup> day of August 2010.

## COMMISSIONERS COURT RESOLUTION DISPOSING OF SALVAGE PROPERTY BY DONATION TO CHARITABLE ORGANIZATION GULF COAST HUMANE SOCIETY

WHEREAS, Nueces County acquired ownership of a narcotics dog also known as Sam;

WHEREAS, the statutes as written regarding the handling of county property does not reference narcotic dogs and therefore based on the current statutory definitions Sam is considered salvage property as he is no longer able to perform the services for which he was originally acquired due to his medical condition;

WHEREAS, Sam has provided a valuable service to the County for the past six years and was formally retired at a noticed Commissioners Court meeting on June 16, 2010;

WHEREAS, Sam is deserving of a good home and section 263.152(4) of the Texas Local Government Code allows the County to donate certain property to a charitable organization;

WHEREAS, the Gulf Coast Humane Society is a charitable organization located in Nueces County that focuses on the welfare of animals from and are committed to their long-term care by adopting them into homes that are prepared to commit to their pet's welfare; and

WHEREAS, the Gulf Coast Humane Society will at no cost to Nueces County find a suitable and safe home for Sam;

NOW, THEREFORE, BE IT RESOLVED BY THE NUECES COUNTY COMMISSIONERS COURT, THAT THE COURT DOES HEREBY DONATE THE NARCOTICS DRUG DOG KNOWN AS SAM TO THE GULF COAST HUMANE SOCIETY FURTHER DETERMINING THAT:

1. Attempts to sell Sam would likely result in no bids or a bid price that is less than the County's expenses required for the bid process;
2. The donation of Sam to the Gulf Coast Humane Society will serve a public purpose through their continued assistance with animal control in Nueces County and their undertaking of housing and caring for Sam; and
3. Gulf Coast Humane Society will provide the County adequate consideration for Sam by finding a suitable home for Sam;
