#UpdateLink#

This system is designed to help all of us get connected and stay connected. Once you submit the form, each contact that you add or change will be sent an email asking them to click a link to test the connection, and to login and personally verify the information you've submitted in the form.

To ensure ongoing connectivity, each person will then periodically receive a test link that they can click to enter their password, which will tell the system that the right person has received the notification allowing them to reaffirm their information.

If you have any questions, please let me know by replying to this email.

Thank you,

Dear Ms. Welsh,

Andy Simpson has registered you in the Coast ABC Engineering. The CBCAN Network is used to enhance communication and information sharing before, during and after disasters. Your organization has requested authorization to pre-identify critical and essential personnel to facilitate post-impact reentry following a hurricane in the region. Toward this goal, we need you to help keep your contact information up-to-date, so that emergency agencies can more easily contact you regarding these events.

The CBCAN Network is powered by i-INFO, a secure system that allows key contacts to maintain their personal and agency related information, including addresses, phone numbers, e-mail accounts, and alternate contacts. The system will also automatically test the connections to ensure that changes in servers, firewalls, routers, filters, software settings or domain names do not prevent you from receiving emergency notices and links to secure information that may be sent. Once you have created your username and password, the system will send you a reminder about every six months to have you confirm receipt of the message, your ability to login to access secure information as well as the accuracy of your personal profile.

Please click on this link which will allow you to login to your personal profile and test your connection to the i-INFO. IF THIS IS THE FIRST TIME you've accessed your profile, you will be asked to verify that you are Lori Welsh, then you can create a Username and Password that will allow you to access your information anytime in the future.

<https://www.i-info.com/profile?pid=WGU6C9AGMG>

Simply review, input any needed corrections, and click the "Submit" button at the bottom of the form.

The primary Personnel Contact will receive the designated email with a link to upload critical and essential staff

Coastal Bend Hurricane Reentry

- *Essential Personnel Registration* -

Welcome to the Coastal Bend Coordination & Alert (CBCAN) Network. The CBCAN Network is used to enhance regional communication and information sharing before, during and after disasters. With the Essential Personnel Registry function of the CBCAN Network, you will be able to pre-identify critical and essential personnel to facilitate post-impact reentry following a hurricane in the region.

Below is information about the requesting organization:

Coastal Bend Online Hurricane Reentry [CBCAN Hurricane Reentry]
901 Leopard St Ste #303
Corpus Christi, TX 78401

If this is incorrect, please notify: Kathy Ard-Blattner
by emailing Kathy.Ard-Blattner@nuecesco.com or by calli
